Rita Mulcahy Pmp Exam Prep 9th Edition:

Ethics and Project Management Ralph L. Kliem, PMP, 2011-10-12 Ethics plays a critical role in project management but all too often its importance is overlooked This benign neglect can result in serious consequences to individuals and organizations ranging from tarnished reputations to civil and criminal liability Ethics and Project Management demonstrates the importance of making ethics a key consideration in managing projects and describes the impacts that occur when ethical transgressions arise Providing the tools necessary for project managers to avoid an ethical lapse that can put themselves and their organization at risk this volume Defines ethics and places it within the project management context Discusses the contents of the Project Management Institute s code of ethics Enables project managers to recognize the trends that precipitate ethical dilemmas on a project Demonstrates how ethical concerns permeate the entire project life cycle Provides tips on establishing a governance protocol to ensure ethical compliance Explores legal issues that arise from unethical behavior Examines how ethical concerns on a project can have global implications and how to operate in international settings with cultural differences Each chapter ends with a Getting Started Checklist facilitating immediate application of the concepts discussed and making it easy for project managers to determine whether they are in compliance with ethical standards Providing a solid roadmap for the ethical health of a project this volume is essential reading for all those concerned with avoiding the disastrous consequences of a cavalier approach to ethics Praise for the book a great desktop reference for any project manager It is a must have title to complete any project management library and I recommend it to both new and highly experienced project managers Gregg D Richie PMP MCTS CNP Managing Principal P8 LLC
