Merger,2013-01-28 The 2010 opening of the Captain James A Lovell Federal Health Care Center FHCC created a joint entity
between the Department of Defense DoD and the Department of Veterans Affairs VA that replaced two separate centers in
North Chicago VA and DoD leaders envisioned a state of the art facility that would deliver health care to both DoD and VA
beneficiaries from northern Illinois to southern Wisconsin providing service members and veterans seamless access to an
expanded array of medical services Unprecedented for the military and the VA the Lovell FHCC would integrate clinical and
administrative services under a single line of authority The DoD asked the IOM to evaluate whether the Lovell FHCC has
improved health care access quality and cost for the DoD and the VA compared with operating separate facilities and to
examine whether patients and health care providers are satisfied with joint VA DoD delivery of health care Evaluation of the
Lovell Federal Health Care Center Merger Findings conclusions and Recommendations finds that initial implementation of
the Lovell FHCC has provided important lessons about how to integrate VA and DoD health care services and has identified
remaining obstacles that the departments could overcome to make such mergers more effective and less costly to implement
The IOM recommends that the VA and the DoD develop a comprehensive evaluation plan to objectively judge its success or
failure with measurable criteria that would provide essential knowledge for both the Lovell FHCC and future endeavors
