The Gartley Trading Method
 Ross Beck, 2010-10-05 A detailed look at the technical pattern simply referred to today as the Gartley Pattern. Gartley patterns are based on the work of H. M. Gartley, a prominent technical analyst best known for a particular retracement pattern that bears his name. In recent years, Gartley patterns, which reflect the underlying psychology of fear and greed in the markets, have received renewed interest. This definitive guide skillfully explains how to utilize the proven methods of H. M. Gartley to capture consistent profits in the financial markets. Page by page, you will become familiar with Gartley's original work, how his patterns can be adapted to today's fast moving markets, and what it takes to make them work for you. Examines how to identify and profit from the most powerful formation in the financial markets. Discusses the similarities, differences, and the superiority of the Gartley Pattern compared to classical chart patterns including Elliott Wave. Shows how to apply filters to Gartley patterns to improve the probability of your trading opportunities, as well as specific rules where to enter and exit positions. Gartley's pattern is based on a unique market position where most traders refuse to participate due to fear. This book reveals how you can overcome this fear and how to profit from the most consistent and reliable pattern in the financial markets.

Master Trading the Financial Markets: Trade with the Best Philip Cooper, 2015-11-28 This is not a get rich quick book. This book will afford both novice and experienced retail trading from home, on a computer, traders alike a comprehensive understanding of the financial markets. The author principally targets the novice online trader, but areas of the book also provide seasoned traders with new insights into the financial markets, as well as alternative trading strategies. In simple to understand, concise language, enhanced by relevant graphics, all the key trading tools available for online traders are explained in such detail that novice traders should be able to master trading the financial markets effectively, and seasoned traders reassess their trading styles for the better. The book concentrates on mastering the currency markets and the binary options markets; however, it also contains chapters on bond trading, futures, stocks, indices, and options in detail. The book lays open the myth that the forex markets are a mystery, and the author uses his 30 years experience as an investment banker to cut through the noise and provide a sharpened view of how the financial markets should be traded. The nine chapters fully illuminate the following topics: Chapter 1 Mastering Forex Fundamentals, Chapter 2 Mastering Candlestick
