Quality Early Learning Magdalena Bendini, Amanda Devercelli, 2022-05-11 In this volume leading researchers and implementation experts from an array of disciplines provide evidence-based, cost-effective and actionable strategies for delivering quality early childhood education (ECE) at scale in low and middle income countries (LMICS). The volume includes: Overview: From Evidence to Effective Policies; How to Invest in Early Childhood Education to Nurture Children's Potential by Magdalena Bendini, Amanda E. Parliament,1858 *Florence Nightingale's Rivals* Louise Wyatt,2025-02-05 Highlights the overlooked contributions of women like Betsy Cadwaladyr and Mother M Francis Bridgeman to nursing during the Crimean War Florence Nightingale is synonymous with nursing in the Crimean War of 1854 1856 There were however many other women who contributed to nursing at this time Martha Clough who dismissed the rule of Nightingale and took charge of nursing the Highland Regiments Eliza Roberts an experienced hospital surgical nurse who became Nightingale s aide de camp nursing Nightingale when she fell ill with Crimean Fever and those with a wider scope of

caring such as Mary Seacole whose nutritious supplements and caring demeanour meant everything to the soldiers This book focuses on the relationship between Nightingale and two very interesting characters the irascible Betsy Cadwaladyr and the equally strong willed Mother M Francis Bridgeman head of the nursing Irish Sisters of Mercy in the Crimea Bridgeman came from a similar social standing as Nightingale but whose pathway saw her leaving society lifestyle as a young girl and following the convent life Cadwaladyr earned Nightingale s respect towards the end of her time in the Crimea due to her care of soldiers and her ability to run the kitchen at Balaklava but nothing would change her stubborn dislike of Nightingale The Sisters of Mercy much overlooked in nursing history were clinically nursing the victims of cholera and dysentery two of the biggest killers in the Crimea in their localities long before their journey to the battlefield Betsy Cadwaladyr preferred domestic service and cooking to nursing whilst Nightingale had the unenviable task of proving the nursing experiment to those watching from Westminster trying not to upset the medical men as well as trying to filter out the best women to nurse with her which was a nightmare in itself *The Parliamentary Debates* Great Britain. Parliament, 1858
