

The next page that loads will have a blue button that says "Add All to Cart". Click that button to continue the process. The rest of the check out will be guided by on-screen prompts. Follow those until you get to the final download page then click the download buttons next to each bundle. They will automatically be downloaded into ProPresenter and will show up in your Purchased folder in the Video/Image Bin.

Some users will not be shown this page right away. If instead of seeing the page above you see a blue button that says "Purchase ProPresenter", use the following troubleshooting steps to resolve this.

Mac users:

- This is due to the license information not passing correctly from ProPresenter to WorshipHouseMedia on the first try. Click on the Info button in the upper left corner of this window then Store to fix this.
- You haven't actually entered a valid license yet. Verify you have purchased and entered a ProPresenter 5 license.

Windows users:

- Quit ProPresenter
- Open Internet Explorer
- Click on Tools > Internet Options
- Click on the Privacy tab
- Make sure that the setting is set to Medium High or lower
- Apply the change and close Internet Explorer.
- Relaunch ProPresenter and access the store again. You should be able to download the media now.

Singing the Congregation Monique M. Ingalls, 2018-11-29 Contemporary worship music shapes the way evangelical Christians understand worship itself Author Monique M Ingalls argues that participatory worship music performances have brought into being new religious social constellations or modes of congregating Through exploration of five of these modes concert conference church public and networked congregations Singing the Congregation reinvigorates the analytic categories of congregation and congregational music Drawing from theoretical models in ethnomusicology and congregational studies Singing the Congregation reconceives the congregation as a fluid contingent social constellation that is actively performed into being through communal practice in this case the musically structured participatory activity known as worship Congregational music making is thereby recast as a practice capable of weaving together a religious community both inside and outside local institutional churches Congregational music making is not only a means of expressing local concerns and constituting the local religious community it is also a powerful way to identify with far flung individuals institutions and networks that comprise this global religious community The interactions among the congregations reveal widespread conflicts over religious authority carrying far ranging implications for how evangelicals position themselves relative to other groups in North America and beyond Engage Nelson Searcy, Jason Hatley, Jennifer Dykes

Henson, 2011-10-01 No matter how great Sunday s worship service was there s always another Sunday lurking at the end of the next week that must be planned Church leaders often fall into ruts working on automatic pilot just trying to get things together which does not allow for much creativity or focus on designing services that lead to transformation for those involved in them Engage is a step by step stress free guide to planning worship services that allow for and foster true life change Comprehensive in scope Engage provides teaching pastors worship leaders and volunteers with the tools they need to work together to develop and implement a worship planning system that improves communication enhances creativity and honors Jesus every week *Sound, Lighting and Video: A Resource for Worship* Brad Herring, 2012-09-10 Lights Camera

Worship is a manual for all of your technical needs To draw people into your church with incredible worship experiences you need to learn more about how to get the most from your lighting sound video and projection systems This is your one stop resource Written by an experienced professional and consultant this book will show you how to successfully run the major components that done correctly will make your church presentation the absolute best it can be and will draw more people in This is packed with information that will not only show you how to use the technology but how to troubleshoot and problem solve in the areas you need it most from running a new control board to uniting your lighting and audio visual systems as one integrated unit This won t just show you how to operate your systems it will make your production go from OK to WOW
