Active Measures: Part I Matt Fulton, 2016-06-28 From the ashes comes the fire In the winter of 1990 as the Soviet empire crumbled a small Russian special forces team entered the dense forests of West Germany and buried an insurance policy In present day Iran the United States most valuable agent uncovers a devastating secret brewing deep beneath the country's mountainous terrain in mere months a faction of the regime's Revolutionary Guards will successfully assemble a nuclear bomb As the full might of the American Intelligence Community is mobilized to stop it the CIA's new director must confront a web of threats both at home and abroad from a resentful White House chieftain to a cunning Israeli spymaster and the fearsome commander of the Iranian Quds Force In Moscow after an oil trader with ties to the Kremlin is found burned alive

in his Geneva home an aide to Russia's adored and despotic president is caught between opposing powers At one side is an eccentric billionaire with lofty dreams of reorienting Russia toward the West and at the other is the autocratic strongman whose ardent quest for resurgence has brought Russia into a risky open confrontation with NATO In Lebanon the Syrian civil war that raged for years across the border has reached its bloody climax Yet in its wake a new menace comes crawling from the shadows to feast on the remains A brilliant CIA officer in Beirut working desperately to penetrate an exhausted Hezbollah is first to recognize the danger As she begins calling on deaf ears it is only a matter of time until the drums of war start beating again in the Middle East and now with the greatest terrorist the world has ever known leading the charge Warping the line between illusion and reality amid a labyrinth of characters plots and counter plots that span the globe from the halls of the Kremlin and the suburbs of northern Virginia to the slums of Beirut and the back alleys of Tehran comes a story of intrigue and betrayal life and death setting a collision course toward a firestorm that will consume thousands and blind a superpower
