identification and declassification of relevant classified records ascertained that there were relatively few pertinent records  
that were still classified Most relevant records were either never classified or were declassified decades before the Act and  
were already in NARA s custody While this finding aid s coverage is broad it is not comprehensive Researchers may find  
other relevant series of records within the record groups mentioned or not mentioned Researchers are encouraged to use  
other finding aids and consult with NARA staff to locate records of interest In addition the National Archives at College Park  
holds nontextual records such as still photographs and motion pictures that researchers may want to examine Other NARA
