Title:	Project File Management SOP		
Description:	This document is the operating standard for saving project-related files in Office 365 and the PPM Tool.		

Project File Management

Standard Operating Procedure

1. General Statement of Purpose
    1.1. The purpose of this document is to outline the procedures for saving project-related files in Office 365 and the PPM Tool.
2. Scope
    2.1. This standard applies to all OMES IS projects.
3. Discipline
    3.1. Program Management Standards
4. Instructions
    4.1. Whenever a project is in the Initiation phase, the Project Manager must create a project folder in the Office 365 group **IS Projects**, under the **Projects** folder.
        4.1.1. The project folder should use the following naming convention:
        Project Name – Project Number
    4.2. Once the project folder has been created, the Project Manager should go to the following location, copy the necessary template subfolders and paste them inside the project folder by selecting them and clicking the **Copy to** button at the top of the screen.
    Projects < Project Management Knowledge Area Folders (COPY ONLY) < Project Management Folder Structure
    Note: Project Managers must not "move" the folders, only "copy" them.
        4.2.1. The following is a list of the template subfolders that can be copied under the new project folder:
            - Communication Management
            - Cost Management
            - Human Resource Management
            - Integration Management
            - Methodology
            - Procurement Management
            - Quality Management
            - Risk Management
