Welcome For New Sorority Members

Joseph Shrand, Leigh Devine

Welcome For New Sorority Members:

Hazing Hank Nuwer, 2018-03 When does becoming part of the team go too far For decades young men and women endured degrading and dangerous rituals in order to join sororities and fraternities while college administrators blindly accepted their consequences In recent years these practices have spilled over into the mainstream polluting military organizations sports teams and even secondary schools In *Destroying Young Lives Hazing in Schools and the Military* Hank Nuwer assembles an extraordinary cast of analysts to catalog the evolution of this dangerous practice from the first hazing death at Cornell University in 1863 to present day tragedies This hard hitting compilation addresses the numerous significant and often overlooked impacts of hazing including sexual exploitation mental distress depression and even suicide *Destroying Young Lives* is a compelling look at how universities the military and other social groups can learn from past mistakes and protect their members going forward

Outsmarting Anger Joseph Shrand, Leigh Devine, 2013-02-26 Surefire strategies for transforming anger in yourself and others In this must have resource Dr Joseph Shrand offers seven innovative yet remarkably uncomplicated strategies to help turn powerful anger impulses into positive success oriented actions These brain based techniques teach you how to recognize the many forms of anger we all experience and how to tap into your brain's very own anger absorption zone the prefrontal cortex Dr Shrand also explores the ways these techniques can be used to harness the anger of others When we learn to recognize and defuse the anger response of any individual we improve our chances for success in every aspect of life Explains how the power of anger can be turned into much more productive behaviors Outlines 7 simple strategies for outsmarting the lizard brain and the primitive limbic system Published in partnership with Harvard Health publications a division of Harvard Medical School *Outsmarting Anger* helps you manage and decrease not only your own anger but the anger of people around you so everyone can be more successful 1967

Chacahoula, **Michigan Ensian**, 1983 **Affirming Identity, Advancing Belonging, and Amplifying Voice in Sororities and Fraternities** Pietro A. Sasso, Mónica Lee Miranda, J. Patrick Biddix, 2024-04-01 In the wake of the AbolishGreekLife and other calls for racial justice the role of identity development also becomes ever increasingly important as we consider how to make the sorority fraternity more inclusive for our students In the end it may really be the power of inclusion on college campuses that leads to many of the educational goals that we yearn for in student growth the formal and informal social interactions bonded in reflective learning that help build social and academic success In this we can celebrate together especially those of us who have romanticized so many bright college years This text is a response to a call for existential exploration as an attempt to critically revivify our understanding of the sorority fraternity experience as it contributes specifically to students identity development and learning The text is grouped around centering their experiences through three A's Amplifying Voice Affirming Identity and Advancing Belonging to highlight the identity experiences of the diverse spectrum of fraternity and sorority members across the intersections of identity so often excluded from the literature

Chapters in this text attempt to foreground how the fraternity sorority experience explicitly contributes to these areas of student development across multiple identities including race ethnicity culture gender identity social class and ability Authors critically interrogate systems of oppressions that subjugate marginality from those with intersectional identities to recognize the larger challenges facing the sorority fraternity movement as an attempt to disrupt these systems to better identify influences on identity development

ENDORSEMENTS Pietro Sasso and associates are leading a game changing conversation about the impact of fraternity and sorority communal experiences on student identity Pietro Sasso and the contributing authors of this robust text successfully endeavor to inform practice through critical analysis framing important questions and offering pragmatic solutions that are timely relevant and practical in both the academy and the fraternal system This book is a must read for anyone seeking to understand or have a relevant impact on the intersections of sense of belonging identity development and sorority fraternity life Jason L Meriwether Campbellsville University In their most recent book examining contemporary sorority and fraternity life Sasso Biddix and Miranda have curated discerning chapters that expand existing scholarship by exploring the impact of fraternity and sorority membership on identity development belonging and student voice through critical lenses This book should be on the bookshelf of all higher education administrators and faculty Gavin Henning New England College *La Vie* ,2009 **Anchora of Delta Gamma: Vol. 63, No. 3 , The Adelphian** Alpha delta pi,1958 *Building More Effective Unions* Paul F. Clark,2013-09-02 Paul F Clark believes union leaders should take advantage of the valuable discoveries made in behavioral science to make their organizations more effective and in *Building More Effective Unions* he offers an accessible and straightforward account of how they can do so The second edition provides an updated discussion of important lessons behavioral science holds for labor organizations It also provides new examples of how unions and their leaders have benefited from putting the principles outlined in the first edition into practice **Restorative Justice on the College Campus** David R. Karp,Thom Allena,2004 No other publication provides such an up to date overview of college student misbehavior This book will be an excellent resource to student affairs professionals especially campus judicial officers and ombudspersons and may be used along with other training materials for volunteers in restorative programs *Michiganansian* ,1991 **The W.B.A. Review** ,1961 **Girls Coming to Tech!** Amy Sue Bix,2022-11-01 How women coped with both formal barriers and informal opposition to their entry into the traditionally masculine field of engineering in American higher education Engineering education in the United States was long regarded as masculine territory For decades women who studied or worked in engineering were popularly perceived as oddities outcasts unfeminine or inappropriately feminine in a male world In *Girls Coming to Tech* Amy Bix tells the story of how women gained entrance to the traditionally male field of engineering in American higher education As Bix explains a few women breached the gender reinforced boundaries of engineering education before World War II During World War II government employers and colleges actively recruited women to train as engineering aides channeling them

directly into defense work These wartime training programs set the stage for more engineering schools to open their doors to women Bix offers three detailed case studies of postwar engineering coeducation Georgia Tech admitted women in 1952 to avoid a court case over objections by traditionalists In 1968 Caltech male students argued that nerds needed a civilizing female presence At MIT which had admitted women since the 1870s but treated them as a minor afterthought feminist era activists pushed the school to welcome more women and take their talent seriously In the 1950s women made up less than one percent of students in American engineering programs in 2010 and 2011 women earned 18.4% of bachelor's degrees 22.6% of master's degrees and 21.8% of doctorates in engineering Bix's account shows why these gains were hard won

Black Greek-letter Organizations in the Twenty-First Century Gregory S. Parks, 2008-06-13 During the twentieth century black Greek Letter organizations BGLOs united college students dedicated to excellence fostered kinship and uplifted African Americans Members of these organizations include remarkable and influential individuals such as Martin Luther King Jr Congresswoman Barbara Jordan novelist Toni Morrison and Wall Street pioneer Reginald F Lewis Despite the profound influence of these groups many now question the continuing relevance of BGLOs arguing that their golden age has passed Partly because of their perceived link to hip hop culture black fraternities and sororities have been unfairly reduced to a media stereotype a world of hazing without any real substance The general public knows very little about BGLOs and surprisingly the members themselves often do not have a thorough understanding of their history and culture or of the issues currently facing their organizations To foster a greater engagement with the history and contributions of BGLOs Black Greek Letter Organizations in the Twenty first Century Our Fight Has Just Begun brings together an impressive group of authors to explore the contributions and continuing possibilities of BGLOs and their members Editor Gregory S Parks and the contributing authors provide historical context for the development of BGLOs exploring their service activities as well as their relationships with other prominent African American institutions The book examines BGLOs responses to a number of contemporary issues including non black membership homosexuality within BGLOs and the perception of BGLOs as educated gangs As illustrated by the organized response of BGLO members to the racial injustice they observed in Jena Louisiana these organizations still have a vital mission Both internally and externally BGLOs struggle to forge a relevant identity for the new century Internally these groups wrestle with many issues including hazing homophobia petty intergroup competition and the difficulty of bridging the divide between college and alumni members Externally BGLOs face the challenge of rededicating themselves to their communities and leading an aggressive campaign against modern forms of racism sexism and other types of fear driven behavior By embracing the history of these organizations and exploring their continuing viability and relevance Black Greek Letter Organizations in the Twenty first Century demonstrates that BGLOs can create a positive and enduring future and that their most important work lies ahead **Geographies of Campus Inequality** Janel E. Multisphere Disconnected Connecting to post college life and locating success Conclusion *My Dearest Sister* Melanie J. Pellowski, 2018-09-18 Satisfy the expectations of sorority newbies and legacies alike by showcasing what makes each chapter special *My Dearest Sister* is a sweet and funny interactive journal and a genuine reflection of what real sorority life is all about Fit for any present past or future sorority girl this cute keepsake honors the spirit community and chapter secrets of sororities while leaving room for girls to capture all of their own special memories and traditions in one book for years to come Inside this heartfelt guide you ll discover The colorful history and tradition surrounding Greek life Sorority houses songs handshakes and secrets A personalized guide to crafting and party planning Alumni chapters Stickers and journal pages to customize your own sorority experience And more Any sorority girl who s ever craved a time capsule to keep her friendships everlasting and fresh should look no further *My Dearest Sister* is the token gift that celebrates womanhood and seals the bonds of sisterhood for life Princeton Alumni Weekly ,1969 White Sororities and the Cultural Work of Belonging Charlotte Hogg, 2023-12-19 Charlotte Hogg takes a close look through the example of White university sororities at how we create and cling to subcultures through the notion of belonging and how spoken and unspoken rhetorics contribute to this notion Renewed calls to end Greek letter organizations for racism and sexism including increased scrutiny on White women s social justice failings have intensified But as Hogg shows rhetorics of belonging have always occurred amid and even in response to anti GLO sentiment She shows how rhetorical efforts by members for members foster belonging for insiders while also seeking to appease those on the outside In her analysis Hogg positions the study of rhetoric beyond traditional methods of persuasion to show how we communicate and participate in communities as citizens in subtle ways beyond speaking and writing Through engaging narrative drawing on her experiences as a member of a White sorority archival research and interviews with collegians and alumni she shows how efforts toward belonging can influence particular beliefs about womanhood in complex ways This thought provoking volume will interest scholars and students from a range of disciplines including rhetoric and communication studies gender studies feminism sociology cultural anthropology and history **Paying for the Party** Elizabeth A. Armstrong, Laura T. Hamilton, 2013-04-01 In an era of skyrocketing tuition and concern over whether college is worth it *Paying for the Party* is an indispensable contribution to the dialogue assessing the state of American higher education A powerful expos of unmet obligations and misplaced priorities it explains in detail why so many leave college with so little to show for it It's Up to You Lee Stewart, 2011-11-01 Lee Stewart argues in this book that the notion of university education as a cultural entitlement inherent in the literal translation of the University of British Columbia s motto Tuum Est as It is yours has always been more applicable to male than to female students Conversely the popular interpretation of Tuum Est It s up to you has held greater significance for women Stewart examines the demands accomplishments and limitations of women advocates and educators against the background of the social and cultural conditions which enveloped them The book profiles the experience of women at UBC from the founding of the university

early in this century until after the Second World War Stewart argues that campaigns to open the university to start nursing and home economic programs to establish the office of dean of women and to build women's residences each involved the persistent efforts of women reformers and each eventually succeeded At the same time pragmatism politics and expedience far more than a passion for feminism within the university or in the province accounted for the form that these programs and institutions took Stewart also describes the experience of female students and the strategies they devised to participate fully in the academic cultural and political life of the university Young women had to juggle the contradictory expectations of the academic and social communities In describing this process the author consciously links women's experience to the history of the university itself Stewart makes an important contribution to our understanding of higher education and to the history of a major Canadian university She also expands our sensitivity to women's changing role in the twentieth century
