What A Life A Memoir:

What a Life! Pesach'ke Burstein, 2003-04-01 Pesach Bursrein an old troupier from the Yiddish theater recalls dramas both onstage and off in this memoir which he dictated to his wife Lillian Lux Burstein The Story of Burstein's successful stage career is played out against the background of political turmoil in Europe vignettes of life in small towns and big cities friendships and rivalries among theater folk family life emigration to the United States and tours through Europe South America Israel and South Africa Every personal anecdote tells the larger history theater history and also the history of the Yiddish communities who were his audiences While Burstein is a legend in Yiddish theater he was little known outside that world until he was celebrated in Arnon Goldfinger's acclaimed documentary *Der Komediant* This memoir provides the first window for English readers into the other side of Yiddish culture the Yiddish burlesque the traveling Yiddish theater and the music hall It will not only delight readers but also reveal a social and cultural history never before described in such detail Burstein's life is the story of popular Yiddish theater in the first half of the century *What a Life Can Be* Carolyn Dobbins, 2011-10 A fascinating look into the world of schizo affective disorder which at times is funny heartbreaking but above all uplifting Dr Carolyn Dobbins describes the onset and progression of this debilitating disease and gives readers hope The book breaks through the stigma as mental illness affects us all Included at the end are facts about serious mental illness the 6 A's of self help and Dr Dobbins message to her counseling colleagues who may be surprised as all readers will be by the ending In an advance review the National Alliance on Mental Illness said this book is told in an unorthodox but very effective manner and that people are more than their illness Dr E Fuller Torrey author of *Surviving Schizophrenia* said an inspiration for all who have ever experienced psychosis Dr Thomas G Burish a professor of psychology and Provost of Notre Dame University said this book is powerful and revealing and provides a unique insight into chronic mental disease He added that the book is a probing liberating story A Pedagogist's Memoir Grant Rodwell, 2025-10-07 Opportunities to write our memoirs are many and varied To meet emerging demands the memoir genre continually is evolving and it is possible for the memoirist to shape the memoirs with varying themes time and settings to be brought to bear on school education at a senior level and for a range of teacher development programs Thus the developing importance of an accompanying exegesis For better or for worse childhoods shape adult relationships and attachment styles profoundly shaping who we are as teachers teaching styles and generally the things we consider important and not so important The shape of our childhood and adolescence has a profound impact on how relationships are formed in adulthood It can affect our ability to trust be vulnerable and create productive bonds both at school and college and professionally and also our general levels of motivation Through the aforementioned theme and subthemes my memoirs here reveal how childhood struggle has shaped my approach to teaching and my academic career from an unskilled labourer from the country working class in the timber industry deprived of a high school education and recruited into the workforce at 15 years of age to a senior academic in one

of Australia's G8 universities holding five PhDs With strong historical backgrounding a special appeal of this book is its drive to place childhood and adolescent events contained in the memoirs in a wider historical context looking to transnational movements such as discussions on anachronisms and eugenics In so doing the exegesis a fresh and exciting innovation is in harmony with the memoirs The memoir is so refashioned as a pedagogical tool Memoir G.
