The Crisis of Russian Democracy Richard Sakwa,2010-12-16 The view that Russia has taken a decisive shift towards authoritarianism may be premature but there is no doubt that its democracy is in crisis In this original and dynamic analysis of the fundamental processes shaping contemporary Russian politics Richard Sakwa applies a new model based on the concept of Russia as a dual state Russia s constitutional state is challenged by an administrative regime that subverts the rule of law and genuine electoral competitiveness This has created a situation of permanent stalemate the country is unable to move towards genuine pluralist democracy but equally its shift towards full scale authoritarianism is inhibited Sakwa argues that the dual state could be transcended either by strengthening the democratic state or by the consolidation of the arbitrary power of the administrative system The future of the country remains open

The Bible's Prophecy About the Free World Daniel Martinovich,2022-09-14 There are over a hundred chapters of Bible prophecy about a growing free world before the book of Daniel ever uttered a word of end time prophecy A world in which kings and emperors dictators and warlords are being brought to nothing A world in which there is no more legal slavery and the earthly promises of God made to a hundred generations of saints unfulfilled in their time could finally begin to come to pass This simply could not occur in the ancient despotic world where the poor masses had little to no control of their temporal or even their eternal destinies The prophecies

you will read about in this book promised an era of conditional freedom and prosperity for many nations They promise God s people who live in these nations will be free from the fear of oppression and that they will be able to raise their children as they see fit They promise the nations and peoples most influenced by the Bible and its principles will be the dominant nations in the world just as they have been for the last 500 years None of this occurred when the Messiah came or with the end of the first covenant age and the horrible destruction of Jerusalem in 70 AD In fact it got even worse for true believers after that It certainly did not occur when European empires and kingdoms began to claim Christianity This all began to occur in a specific year prophesied in Daniel and Revelation and for a specific reason The journey you take through The Bible s Prophecies about the Free World is going to change your life and rock the world around you Nothing will ever be the same No eye has seen no ear has heard no heart has imagined what God has prepared for those who love Him 1 Corinthians 2 9
