assembly plants in the former Socialist Central European CE nations of Czechia East Germany Hungary Poland and Slovakia from 1989 onwards Enticed by relatively lower wage labour and significant government incentives the world s largest automakers have launched more than 20 passenger car assembly complexes in CE nations with production accelerating dramatically since 2001 As a result the annual passenger car production in Western Europe declined by more than 20% between 2001 and 2015 and alternatively in the CEE it increased by nearly 170% during this period Drawing on case studies of 25 current and former foreign run assembly plants the author presents a rare historical account of automotive foreign assembly plants in the CE following this dramatic geographic shift This book will expand the knowledge of policy makers in Europe in relation to their pursuits of FDI and will be of great interest to scholars and students of business economic history political science and development

Porter, 2015-10-22 I was Top Gear s script editor for 13 years and all 22 series I basically used to check spelling and think of stupid gags about The Stig I also got to hang around with Jeremy Clarkson Richard Hammond and James May It didn t feel like something you should get paid for From the disastrous pilot show of 2002 to the sudden and unexpected ending in 2015 working on Top Gear was quite a rollercoaster ride We crossed continents we made space ships we bobbed across the world s busiest shipping lane in a pick up truck We also got chased by an angry mob repeatedly sparked fury in newspapers and almost killed one of our presenters I realised that I had quite a few stories to tell from behind the scenes on the show I remembered whose daft idea it was to get a dog I recalled the willfully stupid way in which we decorated our horrible office I had a sudden flashback to the time a Bolivian drug lord threatened to kill us I decided I should write down some of these stories So I have I hope you like them And now a quote from James May Richard Porter has asked me to write a quote for his new book about the ancient history of Top Gear But this is a ridiculous request How can one write a quote Surely by definition a quote must be extracted from a greater body of writing for the purpose of illustrating or supporting a point in an unrelated work I cannot write a quote any more than I could film an out take Porter like Athens has lost his marbles
