Slaves Of Desire:

Slaves to Desire, 2019 **SLAVES TO DESIRE**. ELI. GILIC, 2022 **Slave of Desire** Daniel E. Beaumont, 2002 Slave of Desire through its analyses of various stories reveals *The 1001 Nights* to be a very different sort of work a sophisticated and subtle piece of literature that can provoke and disturb as much as it entertains and amuses Slaves of Desire William James ELLIOTT, 1940 **Bondmen and Rebels** David Barry Gaspar, 1993-02-28 Originally published in 1985 and available for the first time in paperback *Bondmen Rebels* provides a pioneering study of slave resistance in the Americas Using the large scale Antigua slave conspiracy of 1736 as a window into that society David Barry Gaspar explores the deeper interactive character of the relation between slave resistance and white control **From Slave Cabin to the Pulpit** Peter Randolph, 1893 **Ebony Jr.**, 1982-02 Created by the publishers of EBONY During its years of publishing it was the largest ever children focused publication for African Americans *Sexuality and Slavery* Daina Ramey Berry, Leslie M. Harris, 2018-10 In this groundbreaking collection editors Daina Ramey Berry and Leslie M Harris place sexuality at the center of slavery studies in the Americas the United States the Caribbean and South America While scholars have marginalized or simply overlooked the importance of sexual practices in most mainstream studies of slavery Berry and Harris argue here that sexual intimacy constituted a core terrain of struggle between slaveholders and the enslaved These essays explore consensual sexual intimacy and expression within slave communities as well as sexual relationships across lines of race status and power Contributors explore sexuality as a tool of control exploitation and repression and as an expression of autonomy resistance and defiance **Christian Charity in the Ancient Church** Gerhard Uhlhorn, 1883 **Slaves of Desire** Allan C. Latson, 1956 Press, Platform, Pulpit Teresa Zackodnik, 2011-12-20 Press Platform Pulpit examines how early black feminism goes public by shedding new light on some of the major figures of early black feminism as well as bringing forward some lesser known individuals who helped shape various reform movements With a perspective unlike many other studies of black feminism Teresa Zackodnik considers these activists as central rather than marginal to the politics of their day and argues that black feminism reached critical mass well before the club movement s national federation at the turn into the twentieth century Throughout she shifts the way in which major figures of early black feminism have been understood The first three chapters trace the varied speaking styles and appeals of black women in the church abolition and women s rights highlighting audience and location as mediating factors in the public address and politics of figures such as Jarena Lee Zilpha Elaw Amanda Berry Smith Ellen Craft Sarah Parker Remond and Sojourner Truth The next chapter focuses on Ida B Wells s anti lynching tours as working within New Abolition and influenced by black feminists before her The final chapter examines feminist black nationalism as it developed in the periodical press by considering Maria Stewart s social and feminist gospel Mary Shadd Cary s linking of abolition emigration and woman suffrage and late nineteenth century black feminist journalism addressing black women s migration and labor Early black

feminists working in reforms such as abolition and women's rights opened new public arenas such as the press to the voices of black women. The book concludes by focusing on the 1891 National Council of Women, Frances Harper and Anna Julia Cooper, which together mark a generational shift in black feminism and by exploring the possibilities of taking black feminism public through forging coalitions among women of color. *Press Platform Pulpit* goes far in deepening our understanding of early black feminism, its position in reform and the varied publics it created for its politics. It not only moves historically from black feminist work in the church early in the nineteenth century to black feminism in the press at its close but also explores the connections between black feminist politics across the century and specific reforms. The Commerce of Peoples Biman Basu, 2012-01-01. *The Commerce of Peoples* introduces a new way of reading. It puts into place a sadomasochistic framework which allows for both diachronic and synchronic analysis. By reading sadomasochistic practice as historical and defining it in terms of practices of embodiment by alternating between analysis and synthesis between specific texts and general principles, it provides a new theoretical framework and a new methodology for the analysis of literature and culture.

Gender, Religion and Diversity Ursula King, Tina Beattie, 2005-10-01. *Gender, Religion and Diversity* provides an introduction to some of the most challenging perspectives in the contemporary study of gender and religion. In recent years, women's and gender studies have transformed the international study of religion through the use of interdisciplinary and cross-cultural methodologies which have opened up new and highly controversial issues, challenging previous paradigms and creating fresh fields of study. As this book shows, gender studies in religion raises new and difficult questions about the gendered nature of religious phenomena, the relationship between power and knowledge, the authority of religious texts and institutions, and the involvement and responsibility of the researcher undertaking such studies as a gendered subject. This book is the outcome of an international collaboration between a wide range of researchers from different countries and fields of religious studies. The range and diversity of their contributions is the very strength of this book, for it shows how gendering works in studying different religious materials, whether foundational texts from the Bible or Koran, philosophical ideas about truth, essentialism, history or symbolism, the impact of French feminist thinkers such as Irigaray or Kristeva, or again critical perspectives dealing with the impact of race, gender and class on religion, or by deconstructing religious data from a postcolonial critical standpoint or examining the impact of imperialism and orientalism on religion and gender. *A History of the Virgin Islands of the United States* Isaac Dookhan, 1994. The Virgin Islands in the course of centuries have witnessed the coming and going of Ciboney, Arawak and Carib peoples, European discovery by Christopher Columbus, temporary occupation by pirates and adventurers, colonization, commercial and plantation development by Danes and other North European settlers, African slavery and its abolition, American purchase, colonial government, social and political change, and in recent years, remarkable tourist and industrial developments. These and other topics have been narrated and interpreted by Dr Isaac Dookhan in this first comprehensive history of the U.S. Virgin Islands. Dr Dookhan is eminently well qualified for this.

undertaking He was born in the British colony of British Guiana now independent Guyana where he was educated in the public schools and served as teacher and headmaster The author has drawn upon primary and secondary sources in recounting the experience of the Virgin Islands and their peoples He is concerned with successive waves of immigrants how they affected the physical environment and cultural life of the islands the impact of international wars and politics commodity price movements and technological changes The Homilies of S. John Chrysostom ... Saint Joannes Chrysostomus,1885

Homilies of S. John Chrysostom, Archbishop of Constantinople, on the Gospel of St. Matthew Saint John Chrysostom,1885 Onesimus Our Brother Matthew V. Johnson,James A. Noel,Demetrius K. Williams,2012 Matthew V Johnson is senior pastor at The Good Shepherd Church Baptist in Atlanta **The Open Court** Paul Carus,1891 Slavery and the Culture of Taste Simon Gikandi,2014-04-27 It would be easy to assume that in the eighteenth century slavery and the culture of taste the world of politeness manners and aesthetics existed as separate and unequal domains unrelated in the spheres of social life But to the contrary Slavery and the Culture of Taste demonstrates that these two areas of modernity were surprisingly entwined Ranging across Britain the antebellum South and the West Indies and examining vast archives including portraits period paintings personal narratives and diaries Simon Gikandi illustrates how the violence and ugliness of enslavement actually shaped theories of taste notions of beauty and practices of high culture and how slavery's impurity informed and haunted the rarified customs of the time Gikandi focuses on the ways that the enslavement of Africans and the profits derived from this exploitation enabled the moment of taste in European mainly British life leading to a transformation of bourgeois ideas regarding freedom and selfhood He explores how these connections played out in the immense fortunes made in the West Indies sugar colonies supporting the lavish lives of English barons and altering the ideals that defined middle class subjects Discussing how the ownership of slaves turned the American planter class into a new aristocracy Gikandi engages with the slaves own response to the strange interplay of modern notions of freedom and the realities of bondage and he emphasizes the aesthetic and cultural processes developed by slaves to create spaces of freedom outside the regimen of enforced labor and truncated leisure Through a close look at the eighteenth century's many remarkable documents and artworks Slavery and the Culture of Taste sets forth the tensions and contradictions entangling a brutal practice and the distinctions of civility **Insurgent Cuba** Ada Ferrer,2005-10-12 In the late nineteenth century in an age of ascendant racism and imperial expansion there emerged in Cuba a movement that unified black mulatto and white men in an attack on Europe's oldest empire with the goal of creating a nation explicitly defined as antiracist This book tells the story of the thirty year unfolding and undoing of that movement Ada Ferrer examines the participation of black and mulatto Cubans in nationalist insurgency from 1868 when a slaveholder began the revolution by freeing his slaves until the intervention of racially segregated American forces in 1898 In so doing she uncovers the struggles over the boundaries of citizenship and nationality that their participation brought to the fore and she shows that even as black participation helped

sustain the movement ideologically and militarily it simultaneously prompted accusations of race war and fed the forces of counterinsurgency Carefully examining the tensions between racism and antiracism contained within Cuban nationalism Ferrer paints a dynamic portrait of a movement built upon the coexistence of an ideology of racial fraternity and the persistence of presumptions of hierarchy
