ingredients spices methods etc Assyrian cooking has also crossed over into European cultures and vice versa You may have noticed a play on the word palette in the title of this cookbook The proper spelling of the word when it refers to the mouth and taste is palate However because of the mixed culinary artistry of Assyrian cooking I chose to use the word which we use when referring to an artist s easel of colors palette In addition public awareness about the Assyrian people is not widespread and therefore to add an educational twist to this cookbook along with each recipe I ve added an interesting excerpt about Assyrians to give the reader a greater appreciation and understanding of the vast history and culture of the people behind these beloved recipes I hope this updated and expanded version of my originally published 1994 edition will allow you to enjoy creating these wonderful dishes while learning more about Assyrians and our ancient heritage
