Bottoming Out the Universe Richard Grossinger, 2020-04-07 An exploration into consciousness the universe and the nature of reality Draws on transdimensional physics and biology reincarnation and past life memories animal

consciousness multiple identities thoughtforms soul pictures and paranormal phenomena like crop circles and poltergeists Explores the riddle of personal identity and how it differs from consciousness Reveals that consciousness is more than encompassing all that exists it also speaks to what has yet to manifest Scientific orthodoxy views the universe as conceived of matter protons neutrons electrons down to the smallest particle quarks But when you keep digging what is beneath quarks The scientific worldview does not take into account consciousness or life itself How did consciousness become part of the material universe Is it a by product of brain chemistry or a constituent of reality Or to dig deeper which is more fundamental the existence of an objective physical universe or our subjective experience of it In this investigation into consciousness the universe and the nature of reality Richard Grossinger offers a wide ranging foundation for reimagining the universe as based in consciousness rather than matter He presents in depth analysis of the standard scientific description of the universe revealing the holes in its theories Exploring the interpenetration of matter and all reality by consciousness the author looks at reincarnation and past life memories examining famous and lesser known but verifiable accounts He then explores the nature and origin of consciousness with accompanying explorations of animal consciousness the brain as a computer multiple identities thoughtforms soul pictures and paranormal phenomena like UFOs faeries and poltergeists He also examines concepts from physics that combine elements of both consciousness and matter such as collapsing waveforms and the uncertainty principle of quantum mechanics Examining nonlocal and transpersonal modes of consciousness Grossinger looks at the difference between consciousness and personal identity He expands this discussion with reflections on Sethian cosmology using Seth s own words and Jane Roberts s and John Friedlander s interpretations He reveals that consciousness also encompasses what has yet to manifest and explains why the universe exists at all why there is something rather than nothing Skewering the materialist paradigm and placing consciousness alongside mass gravity and heat as an essential component of the universe Grossinger proposes that reality is a thoughtform where sentient beings collaborate to bring about a concrete realm vibrating at their own frequency

Adam's Gift Cindy Williams Adams MEd, 2024-06-12 In Adam's Gift author Cindy Williams Adams shares the story of the death of her twenty seven year old son Adam and her subsequent spiritual journey Hi I'm Adam and I'm dead Well not really I'm still here The first night in the hospital while Adam was on life support around midnight a nurse advised me to go home and get some rest I looked at Adam's monitor His heart rate was 180 a normal heart rate for an infant At that point his vital signs were nominal I said I'd go home when Adam's heart rate reached 111 Greg and I sat in the dark listening to the beep beep of Adam's monitor A few minutes later Greg said Look at

the monitor Adam's heart rate was 111 My youngest sister Rhonda and I clipped some locks of Adam's dark brown hair as a keepsake I was sitting at the head of his bed examining our handiwork when I heard Adam say jokingly Mom what the fuck did you do to my hair In that pivotal moment if I'd talked myself out of believing what I'd just experienced I would have grieved Adam's death in an entirely different way Trusting the communication from Adam was real not only allowed me to accept the loss of Adam's physical presence it allowed me to create an entirely new relationship with the part of Adam that is eternal Adam's lungs kidneys pancreas and liver saved the lives of two individuals and significantly improved the lives of three others Adam's liver went to a young mother from Indiana where I was born Adam's pancreas went to a woman with diabetes who'll never have to suffer another amputation Adam's kidneys went to a woman from somewhere in California and to a man in Oakland who no longer plan their life around the need for dialysis Adam's lungs went to a seventy two year old man from Arizona From January 2011 to February 2023 Adam led me on a twelve year long wild goose chase where I collected seemingly random puzzle pieces that when presented altogether finally make sense From a past life as a knowledge keeper in Atlantis to serving as an intergalactic guardian Adam's mind blowing after death adventures will change everything you thought you knew about life and death and the world as we know it Don't let your skin suit fool you into thinking you're anything less than a co creator with God We don't have to die to evolve to a higher level of consciousness When it comes to consciousness raising Adam and I are giving away the cheats Adam's Gift is more than a memoir it's a multidimensional multimedia experience Brace yourself you're in for an e ticket ride Adams debut memoir is an effectively concise account of a mother navigating her own grief while also finding ways to help others heal Adams vividly renders her story of her life's journey and her sense of exuberance is evident throughout Kirkus review The story of Adam and the special bond he shares with his mom gives those hope who question an afterlife Dannion Brinkley internationally bestselling author of Saved by the Light At Peace in the Light and Secrets of the Light You don't have to have experienced loss to love Adam's Gift It isn't a book of grief Its gift to the reader is about the resilience of love and the unwavering faith of a mother faced with unimaginable circumstances and boundless faith Meg Blackburn Losey PhD author of international bestsellers The Children of Now The Secret History of Consciousness and Touching the Light Through the experiences recounted by Adam's mother readers are immersed in a world where love transcends physical boundaries and continues to connect souls even after death Rhys Wynn Davies Australia's 2023 Psychic of the Year and author of How to Talk to the Dead in 10 Easy Steps Adam's Gift was so riveting to read I came away from it feeling as if I had gained so much I can't thank Adam and Cindy enough for writing this book Sarah Breskman Cosme bestselling author of A Hypnotist's Journey to Atlantis A Hypnotist's Journey to the Secret of the Sphinx and A Hypnotist's Journey from the Trail to the Star People Near Death Experience Siddhesh Chindarkar,2023-01-24 A near death experience NDE is a phenomenon that can occur to a person who is close to death or in a life threatening situation It is a subjective experience that can encompass a wide range of sensations and emotions
