## **The Air Force's Evolved Expendable Launch Vehicle Competitive Procurement:**

**The Air Force's Evolved Expendable Launch Vehicle Competitive Procurement** United States Government Accountability Office, 2018-04-19 the Air Force's Evolved Expendable Launch Vehicle Competitive Procurement *The Air Force's Evolved Expendable Launch Vehicle Competitive Procurement* Government Accountability Office, 2017-07-28 accounting for costs contracting officials compared the costs to determine how DOD other customers would reimbursements would be calculated and the reimbursement amount reimbursements represent implications of possible new launch provide proposed EELV cost ULA and new entry Regulation FAR re type contracts We accordance with goal that we plan and provide reasonable basis for that the evidence on our audit object In summary while the mission success and contract limited DOD direct launch costs through a firm fixed through a cost plus not transparent approach funded under this contract meant DOD may have higher prices Coupled with EELV program cost

**The Air Force's Evolved Expendable Launch Vehicle Competitive Procurement**, 2014 While the previous two contract structure of the Evolved Expendable Launch Vehicle EELV program met Department of Defense DOD needs for unprecedented mission success and an at the ready launch capability the scope of its capability contract limited DOD's ability to identify the cost of an individual launch as direct launch costs were not separated from other costs Minimal insight into contractor cost or pricing data meant DOD may have lacked sufficient knowledge to negotiate fair and reasonable launch prices Through DOD's development of a new acquisition strategy in 2011 and in preparation for contract negotiations with United Launch Alliance ULA DOD undertook significant efforts to obtain better contractor and subcontractor cost or pricing data The December 2013 contract modification with ULA includes line items for both the fixed price and cost reimbursement portions funded under the previous two contract structure and DOD officials say the administrative burden of renegotiating new contracts every year will be substantially lessened due to the new contract's simplified structure The new contract is also expected to provide DOD with a better understanding of individual launch costs than it had under previous contracts as some costs are now directly attributable to specific launches ULA periodically sells launch services to customers outside of the EELV program Because DOD pays for ULA's fixed costs DOD receives compensation for the use of ULA facilities on a per launch basis for launches ULA sells to non DOD customers Under the new contract compensation is based on some actual costs and is approximately three times the dollar amount per launch of reimbursements under previous contracts If DOD requires all offers to contain both fixed price and cost reimbursement features for launch services and capability respectively similar to the way it currently contracts with ULA there could be benefits to DOD and ULA but potential burdens to new entrants Alternatively if DOD implements a fixed price commercial approach to launch proposals DOD could lose insight into contractor cost or pricing DOD could also require a combination of elements from each of these approaches or develop new contract requirements for this competition **The Air Force's Evolved Expendable Launch Vehicle Competitive Procurement** U. S Government U.S Government Accountability Office, 2014-10-31 In summary while the previous two

contract structure met DOD's needs for unprecedented mission success and an at the ready launch capability the scope of its cost reimbursement contract limited DOD's ability to identify the cost of an individual launch as according to DOD direct launch costs were not separated from other costs For example DOD paid for hardware through a firm fixed price contract ELS but funded infrastructure and engineering support through a cost plus incentive fee contract ELC The ELC cost reimbursement contract was not transparent according to DOD officials who had limited understanding of the activities funded under this contract
