## **The American Nation Textbook Chapter Summaries:**

**The American Nation** John A. Garraty, Mark C. Carnes, 1999-10      **The American Nation** John Arthur Garraty, Mark Christopher Carnes, 2002-06 Long positioned and long respected as a bestseller for the U S history survey course that focuses on political history as its framework this textbook's most significant strength is its rich and distinctive prose For this Eleventh Edition co authors Mark Carnes of Barnard College at Columbia University and John Garraty have collaborated to retell the story of America's past For the Eleventh Edition the authors have written a new prologue on pre Columbian America and the continent's earliest human inhabitants revised each chapter to incorporate recent research and scholarship integrated more social and cultural history selected many new illustrations and written informative new captions to engage students visually introduced two new features and updated the final chapter 33 to carry the story through the election of 2000 the beginnings of the Bush administration and the events and aftermath of September 11 2001 which have profoundly changed the American nation and its people      The American Nation Lewis Paul Todd, Merle Eugene Curti, 1986      **Rise of the American Nation: 1865 to the present** Lewis Paul Todd, 1982 A textbook tracing the political social and economic history of the United States from the discovery of America to the present day      Rise of the American Nation Lewis Paul Todd, 1982 A textbook tracing the political social and economic history of the United States from the discovery of America to the present day      **History Can Bite** Denise Bentrovato, Karina V. Korostelina, Martina Schulze, 2016-10-10 The volume provides critical insights into approaches adopted by curricula textbooks and teachers around the world when teaching about the past in the wake of civil war and mass violence discerning some of the key challenges and opportunities involved in such endeavors The contributors discuss ways in which history teaching has acted as a political tool that has at times been guilty of exacerbating inter group conflicts It also highlights history teaching as an important component of reconciliation attempts showcasing examples of curricular reform and textbook revision after conflict and discussing how the contestations and difficulties surrounding such processes were addressed in different post conflict societies      *Lies My Teacher Told Me* James W. Loewen, 2007-10-16 Criticizes the way history is presented in current textbooks and suggests a fresh and more accurate approach to teaching American history      *The Study Skills Handbook* Judith Dodge, 1994 Contains seventy five classroom tested strategies designed to improve students learning skills      **Governing the American Nation** Richard H. Leach, 1967      *President McKinley, War and Empire* Richard F. Hamilton, 2017-09-08 This second volume of *President McKinley War and Empire* assesses five theories that have dominated analysis of modern societies in the last century liberalism Marxism mass society pluralism and elitism in accounting for an aberrant event in American history the Spanish American War President McKinley and the Coming of the War 1898 volume 1 of this definitive history considered the origins of that war This second volume is concerned with the war's outcome the settlement in which the U S gained an empire The book begins by reviewing various expansionist episodes in U S history some successes some failures and by analyzing the

complexities support and opposition involved in expansionism It then examines the work of expansionist writers men said to have driven the 1898 99 movement finding these claims to be questionable Hamilton assesses McKinley s decision making in regard to the settlement of the Spanish American War including the influences that might have moved him as well as his own justifications He then reviews the subsequent achievements the size and character of the new American empire trade flows the Philippine experience and U S efforts in China supposedly the prime goal of the new imperialism Many contemporary writers anticipated great possibilities in China but that fabled market remained minuscule throughout the following century Much American trade continued to be with Western Europe while the biggest change in U S exports went largely unnoticed Canada became the nation s number one trading partner In much historical writing McKinley is portrayed as little more than a front man for Mark Hanna the adept businessman politician who organized and led his presidential campaign aided by generous financial contributions from business leaders across the nation Hanna certainly was a leading figure in McKinley s career but the assumption that his influence was controlling is not justified as has been shown in recent research McKinley was far more than a figurehead easily manipulated by representatives of the interests [Study Guide](#) Garraty,2000-07
