## **The American Presidency A Very Short Introduction:**

**The American Presidency** Charles O. Jones, 2016 The second edition of this Very Short Introduction focuses on the challenges facing American presidents in meeting the high expectations of the position in a separation of powers system This masterly revision explores critical issues that are object of contemporary debate and shows how the American presidency evolved over the past 200 years and where it may go in the future

**American Political Parties and Elections: A Very Short Introduction** L. Sandy Maisel, 2007-08-10 Few Americans and even fewer citizens of other nations understand the electoral process in the United States Still fewer understand the role played by political parties in the electoral process or the ironies within the system Participation in elections in the United States is much lower than in the vast majority of mature democracies Perhaps this is because of the lack of competition in a country where only two parties have a true chance of winning despite the fact that a large number of citizens claim allegiance to neither and think badly of both Or perhaps it is because in the U S campaign contributions disproportionately favor incumbents in most legislative elections or that largely unregulated groups such as the now notorious 527s have as much impact on the outcome of a campaign as do the parties or the candidates campaign organizations Studying these factors you begin to get a very clear picture indeed of the problems that underlay our much trumpeted electoral system This Very Short Introduction introduces the reader to these issues and more providing an insider s view of how the system actually works while shining a light on some of its flaws As we enter what is sure to be yet another highly contested election year it is more important than ever that Americans take the time to learn the system that puts so many in power About the Series Oxford s Very Short Introductions series offers concise and original introductions to a wide range of subjects from Islam to Sociology Politics to Classics Literary Theory to History and Archaeology to the Bible Not simply a textbook of definitions each volume in this series provides trenchant and provocative yet always balanced and complete discussions of the central issues in a given discipline or field Every Very Short Introduction gives a readable evolution of the subject in question demonstrating how the subject has developed and how it has influenced society Eventually the series will encompass every major academic discipline offering all students an accessible and abundant reference library Whatever the area of study that one deems important or appealing whatever the topic that fascinates the general reader the Very Short Introductions series has a handy and affordable guide that will likely prove indispensable

*Planets: A Very Short Introduction* David A. Rothenberg, 2010-11-25 This Very Short Introduction discusses the nature of planets and gas giants and their rings and moons It also looks beyond Pluto in the Kuiper Belt at the knowledge we have about planets around other stars With many striking photos to illustrate the details it demonstrates the unique world of every planet

**Ancient Greece: A Very Short Introduction** Paul Cartledge, 2011-10-27 A highly stimulating Very Short Introduction to the history of Ancient Greek civilization from the first documented use of the Greek language in about 1400 BCE through the glories of the Classical and Hellenistic periods to the foundation of the Byzantine

empire in about CE 330      **Free Speech: A Very Short Introduction** Nigel Warburton, 2009-02-26 Voltaire's comment 'I disapprove of what you say but I will defend to the death your right to say it' is frequently quoted by defenders of free speech. Yet it is rare to find someone prepared to defend all freedom of speech especially if the views expressed are obnoxious or obviously false. So where do the limits lie? How important really is our right to freedom of speech? Here Nigel Warburton offers a concise guide to the important questions facing modern society about free speech. Should a civilized society set limits on the freedom of speech? How can we square free speech with the sensitivities of religious and minority groups? Does copyright law clash with our right to free speech? And how have new technologies such as the Internet changed the debate? This Very Short Introduction is a thought provoking accessible and up to date examination of the liberal assumption that free speech is worth preserving at any cost.

*Master Presidential History in 1 Minute a Day* Dan Roberts, 2020-07-07 This crash course in presidential history offers essential facts and fascinating trivia about every US chief executive from Washington to Trump. How many US presidents were Founding Brothers? Who decided on America's gold standard? What was Lincoln's nickname? Acclaimed historian Dan Roberts, host of radio's *A Moment in Time*, takes readers on a fun and informative romp through more than two hundred years of our presidential past. With just one minute a day you can master all the essential facts of America's greatest leaders, policies, conflicts, trivia and more. Packed with full color photographs, paintings and lively mini essays, *Master Presidential History in 1 Minute a Day* is the perfect armchair companion for history lovers and learners alike.

*Literary Theory: A Very Short Introduction* Jonathan Culler, 2011-07-28 Culler offers insights into theories about the nature of language and meaning, looks at whether literature is a form of self expression or a method of appeal to an audience, and outlines the ideas behind deconstruction and semiotics.

*Presidents and Political Thought* David J. Siemers, 2010-01-01 What did the president know and when did he know it? takes on a whole new meaning in *Presidents and Political Thought*. Though political philosophy is sometimes considered to be dry and abstract, many of our presidents have found usable ideas embedded within it. In this first comparative study of presidents and political theory, David Siemers examines how some of them have applied this specialized knowledge to their job. *Presidents and Political Thought* explores the connection between philosophy and practical politics through a study of six American chief executives: John Adams, Thomas Jefferson, James Madison, Woodrow Wilson, Franklin D. Roosevelt, and Bill Clinton. Writing at the intersection of politics, history, and philosophy, Siemers combines his extensive understanding of political philosophy with careful research and analysis of individual presidents to produce provocative and astute judgments about how their understanding of political theory affected their performance. Each chapter examines a particular president's attitude about political theory, the political theorists he read and admired, and the ways in which he applied theory in his activities as president. Viewing presidents through the lens of political theory enables Siemers to conclude that Madison and Adams have been significantly underrated, Wilson is thought to have abandoned his theoretical viewpoint as president but actually he just possessed an unorthodox interpretation of his favorite

thinker Edmund Burke Often thought to be so pragmatic or opportunistic that they lacked any convictions FDR and Clinton gained their orientations to politics from political theory These and other insights suggest that we cannot understand these presidencies without being more aware of the ideas the presidents brought to the office Siemers s study takes on special relevance as the United States experiences regime change and a possible party realignment because as he notes Barack Obama has read and learned from political theory too Avoiding much of the jargon that often accompanies political theory this book demonstrates the relevance of political theory in the real world chronicling both the challenges and potentially rich payoffs when presidents conceive of politics not just as a way to reward friends and punish enemies but as a means to realize principles

**The Reinvention of Populist Rhetoric in The Digital Age** Mark Rolfe, 2016-11-23 This highly original work considers the rhetoric of political actors and commentators who identify digital media as the means to a new era of politics and democracy Placing this rhetoric in a historical and intellectual context it provides a compelling explanation of the reinvention and thematic recurrence of democratic discourse The author investigates the populist sources of rhetoric used by digital politics enthusiasts as outsiders inaugurating new eras of democracy with digital media such as Barack Obama and Julian Assange and explores the generations of rhetorical and political history behind them The book places their rhetoric in the context of the permanent tensions between insiders and outsiders between the political class and the populace which are inherent to representative democracy Through a theoretical and conceptual research that is historically grounded and comparative it offers rhetorical analysis of candidates for the 2016 presidential election and discusses digital democracy particularly discussing their origins in American populism and their influence on other countries through Americanization Uniquely it offers a sceptical assessment of epochal claims and a historical rhetorical account of two of the defining figures of twentieth century politics to date and reveals how modern rhetoric is grounded in an older form of anti politics and mobilises tropes that are as old as representative democracy itself

**The Lost Soul of the American Presidency** Stephen F. Knott, 2020-07-14 The American presidency is not what it once was Nor Stephen F Knott contends what it was meant to be Taking on an issue as timely as Donald Trump s latest tweet and old as the American republic the distinguished presidential scholar documents the devolution of the American presidency from the neutral unifying office envisioned by the framers of the Constitution into the demagogic partisan entity of our day The presidency of popular consent or the majoritarian presidency that we have today far predates its current incarnation The executive office as James Madison George Washington and Alexander Hamilton conceived it would be a source of national pride and unity a check on the tyranny of the majority and a neutral guarantor of the nation s laws The Lost Soul of the American Presidency shows how Thomas Jefferson s Revolution of 1800 remade the presidency paving the way for Andrew Jackson to elevate majority rule into an unofficial constitutional principle and contributing to the disenfranchisement and worse of African Americans and Native Americans In Woodrow Wilson Knott finds a worthy successor to Jefferson and Jackson More than any of his predecessors Wilson altered the nation s

expectations of what a president could be expected to achieve putting in place the political machinery to support a presidential government As difficult as it might be to recover the lost soul of the American presidency Knott reminds us of presidents who resisted pandering to public opinion and appealed to our better angels George Washington John Quincy Adams Abraham Lincoln and William Howard Taft among others whose presidencies suggest an alternative and offer hope for the future of the nation s highest office Tough Times for the President , Hard Times Barbara

Kellerman,2014-10-15 A highly perceptive analysis of the crisis of leadership in 21st century America written in an exhilaratingly readable style Archie Brown Oxford University author of The Myth of the Strong Leader Selected by Choice as an Outstanding Academic Book Leadership has never played a more prominent role in America s national discourse and yet our opinions of leaders are at all time lows Private sector leaders are widely seen as greedy to the point of being corrupt Public sector leaders are viewed as incompetent to the point of being inept And levels of trust in government have plummeted As the title of this book conveys leaders in America are experiencing hard times Barbara Kellerman argues that we focus on leaders and even on followers while ignoring an essential element of leadership context This book is a corrective It enables leaders to track the terrain that they must navigate in order to create change Rather than a handy dandy manual on what to do and how to do it Hard Times is structured as a checklist Twenty four brief sections cover key aspects of the American landscape They trace evolutions and revolutions that have revised our norms transformed our populations and institutions and shifted our culture Kellerman s crash course on context reveals how significant it is to leadership Clearer still is the fact that leadership is more difficult than it has ever been It is context that explains why leadership is so fraught with frustration And it is context that makes evident why leadership will be better exercised if it is better understood Calling out patterns that emerge from the checklist Kellerman challenges leaders to do better This fascinating read will change the way that all of us think about leadership while compelling us to consider what it means for our future Finally a book that explains why leadership is so hard thought provoking examples taken from business and government alike Sydney Finkelstein Tuck School of Business author of Why Smart Executives Fail **Introduction ;Introducing Assyria ;Assyrian places**

**;Assyrians at home ;Assyrians abroad ;Foreigners in Assyria ;Assyrian world domination ;Chronology ;Glossary ;References ;Further reading ;Index** Karen Radner,2015 From city state to empire in the early 2nd millennium BC to the end of the 7th century BC Assyria was one of the most influential kingdoms of the Ancient Near East Using archaeological discoveries from across the Middle East Karen Radner demonstrates the vast socially diverse multicultural nature of Ancient Assyria and the Assyrian Empire A Companion to Ronald Reagan Andrew L. Johns,2015-04-20 A Companion to Ronald Reagan evaluates in unprecedented detail the events policies politics and people of Reagan s administration It assesses the scope and influence of his various careers within the context of the times providing wide ranging coverage of his administration and his legacy Assesses Reagan and his impact on the development of the United States based on new

documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan

*Navigating the News* Michael K. Baranowski, 2013-07-19 This is the book for anyone who aspires to the title informed citizen It clearly explains how political news works how the media influences readers and how to sort through it all to be a better smarter consumer of political news In a perfect world political news would be objective and fact based Instead it is biased and unreliable This engaging book was written to help readers master the media Combining insight and humor it exposes the bias irrationality bad arguments and misleading numbers that abound in political media It shows readers how to take advantage of available news sources and it guides them in developing the skills needed to sort through the flood of hype and misinformation Specifically the book examines types of political media and why it matters whether one gets political news from television radio newspapers or the Internet including social media It discusses the latest developments in political behavior economics media studies and neuroscience to explain why the political media does what it does to systematically distort consumers view of politics and it looks at ways consumers tend to be irrational in choosing and interpreting news Finally it offers concrete suggestions that will enable readers to become more critical of what they read see and hear

**Ronald Reagan** David T. Byrne, 2018 In this ambitious work David Byrne analyzes the ideas that informed Ronald Reagan's political philosophy and policies Rather than appraising his personal and emotional life Byrne's intellectual biography goes one step further it establishes a rationale for the former president's motives discussing how thinkers such as Plato and Adam Smith influenced him Byrne points to three historical forces that shaped Reagan's political philosophy Christian values particularly the concept of a universal kingdom of God America's firm belief in freedom as the greatest political value and its aversion to strong centralized governments and the appeasement era of World War II which stimulated Reagan's aggressive and confrontational foreign policy Byrne's account of the fortieth president augments previous work on Reagan with a new model for understanding him Byrne shows how Reagan took conservatism and the Republican Party in a new direction departing from the traditional conservatism of Edmund Burke and Russell Kirk His desire to spread a Kingdom of Freedom both at home and abroad changed America's political landscape forever and inspired a new conservatism that persists to this day

, *The U.S. Constitution: A Very Short Introduction* David J. Bodenhamer, 2018-03-15 Though the U S Constitution was ratified in 1788 its impact on our lives is as recent as today's news Claims and counterclaims about the constitutionality of governmental actions are a habit of American politics This document which its framers designed to limit power often has made political conflict inevitable It also has accommodated and legitimized the political and social changes of a vibrant powerful democratic nation A product of history's first modern revolution the Constitution embraced a new formula for government it restrained power on behalf of liberty but it also granted power to promote and protect liberty The U S Constitution A Very Short Introduction explores the major themes that

have shaped American constitutional history federalism the balance of powers property representation equality rights and security Informed by the latest scholarship this book places constitutional history within the context of American political and social history As our nation s circumstances have changed so has our Constitution Today we face serious challenges to the nation s constitutional legacy Endless wars a sharply divided electorate economic inequality and immigration along with a host of other issues have placed demands on government and on society that test our constitutional values Understanding how the Constitution has evolved will help us adapt its principles to the challenges of our age

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

*The U.S. Civil War: A Very Short Introduction* Louis P. Masur, 2020-10-01 More than one hundred and fifty years after the first shots were fired on Fort Sumter the Civil War still captures the American imagination and its reverberations can still be felt throughout America s social and political landscape Louis P Masur s *The U S Civil War A Very Short Introduction* offers a masterful and eminently readable overview of the war s multiple causes and catastrophic effects Masur begins by examining the complex origins of the war focusing on the pulsating tensions over states rights and slavery The book then proceeds to cover year by year the major political social and military events highlighting two important themes how the war shifted from a limited conflict to restore the Union to an all out war that would fundamentally transform Southern society and the process by which the war ultimately became a battle to abolish slavery Masur explains how the war turned what had been a loose collection of fiercely independent states into a nation remaking its political cultural and social institutions But he also focuses on the soldiers themselves both Union and Confederate whose stories constitute nothing less than America s Iliad In the final chapter Masur considers the aftermath of the South s surrender at Appomattox and the clash over the policies of reconstruction that continued to divide President and Congress conservatives and radicals Southerners and Northerners for years to come In 1873 Mark Twain and Charles Dudley wrote that the war had wrought so profoundly upon the entire national character that the influence cannot be measured short of two or three generations This concise history of the entire Civil War era offers an invaluable introduction to the dramatic events whose effects are still felt today

*The U.S. Supreme Court: A Very Short Introduction* Linda Greenhouse, 2020-05-29 For 30 years Pulitzer Prize winning journalist Linda Greenhouse chronicled the activities of the U S Supreme Court and its justices as a correspondent for the New York Times In this Very Short Introduction she draws on her deep knowledge of the court s history and of its written and unwritten rules to show readers how the Supreme Court really works Greenhouse offers a fascinating institutional biography of a place and its people men and women who exercise great power but whose names and faces are unrecognized by many Americans and whose work often appears cloaked in mystery How do cases get to the Supreme Court How do the justices go about deciding them What

special role does the chief justice play What do the law clerks do How does the court relate to the other branches of government Greenhouse answers these questions by depicting the justices as they confront deep constitutional issues or wrestle with the meaning of confusing federal statutes Throughout the author examines many individual Supreme Court cases to illustrate points under discussion ranging from Marbury v Madison the seminal case which established judicial review to the recent District of Columbia v Heller 2008 which struck down the District of Columbia's gun control statute and which was surprisingly the first time in its history that the Court issued an authoritative interpretation of the Second Amendment To add perspective Greenhouse also compares the Court to foreign courts revealing interesting differences For instance no other country in the world has chosen to bestow life tenure on its judges The second edition of Greenhouse's Very Short Introduction tracks the changes in the Court's makeup over the last eight years considers the landmark decisions of the Obama and Trump eras and reexamines the precarious fates of such precedents as Roe v Wade A superb overview packed with telling details this volume offers a matchless introduction to one of the pillars of American government

## **The American Presidency A Very Short Introduction Introduction**

In today's digital age, the availability of *The American Presidency A Very Short Introduction* books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of *The American Presidency A Very Short Introduction* books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of *The American Presidency A Very Short Introduction* books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing *The American Presidency A Very Short Introduction* versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, *The American Presidency A Very Short Introduction* books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing *The American Presidency A Very Short Introduction* books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for *The American Presidency A Very Short Introduction* books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them

accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, The American Presidency A Very Short Introduction books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of The American Presidency A Very Short Introduction books and manuals for download and embark on your journey of knowledge?

### **FAQs About The American Presidency A Very Short Introduction Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The American Presidency A Very Short Introduction is one of the best book in our library for free trial. We provide copy of The American Presidency A Very Short Introduction in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The American Presidency A Very Short Introduction. Where to download The American Presidency A Very Short Introduction online for free? Are you looking for The American Presidency A Very Short Introduction PDF? This is definitely going to save

you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another The American Presidency A Very Short Introduction. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of The American Presidency A Very Short Introduction are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with The American Presidency A Very Short Introduction. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with The American Presidency A Very Short Introduction To get started finding The American Presidency A Very Short Introduction, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with The American Presidency A Very Short Introduction So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading The American Presidency A Very Short Introduction. Maybe you have knowledge that, people have search numerous times for their favorite readings like this The American Presidency A Very Short Introduction, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. The American Presidency A Very Short Introduction is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, The American Presidency A Very Short Introduction is universally compatible with any devices to read.
