watching the bees on a lavender bush or really listening to birdsong can raise my vibrations to allow me to enter a meditative state I have used nature in my guided meditations to allow you to capture these things To raise your vibrations and allow your own inner selves to take over taking you to a higher level of consciousness I have also included a few of my poems and muses which are of a spiritual nature I hope you enjoy my small contribution to the light work that is taking place all around the world THANKS I would like to give my thanks to my wonderful teacher Carrie who has been an inspiration to me through my struggle to become more spiritual *The Power to Succeed* Elizabeth Ngozi Okpalaenwe,2011 This is the fascinating story of a young girl from a very poor family who raised her head high and raised the dignity of women through her own personal and determined effort She did not yield to the victimizations of corrupt minds nor to the temptations of apathy and pessimistic thinking rather she saw everything optimistically and through many hardships achieved her life s ambitions

Postman's Knock Elaine Ellis,2017-08-24 The old proverb The grass is always greener turned out to be an artist s impression not real life at all When Charlotte Whitfield known to everyone as Charlie receives a letter from her best friend Libby she has no idea that her life is about to change forever Libby and James Charlie s husband have been having an affair and James has decided to leave the marriage and move in with Libby But if Libby and James thought that Charlie was ready to be a victim they had forgotten the tough resourceful woman they had both known and loved Calling on all her strength Charlie takes control of her own life despite losing a baby as well as a husband When James for whom the grass turned out not to be greener on the other side starts to threaten Charlie his erratic behaviour turns quickly into dangerous obsession Charlie is forced to re evaluate everything and find out for the first time what it is she truly wants And beside her all the way is Libby s ex husband Bruce whose underappreciated grace and charm become a bedrock for Charlie Are they too falling in love Elaine Ellis s *Postman's Knock* is a moving story of the way life continues to surprise and how the actions of other people for better or worse make us look anew at ourselves

Reproductive Governance and Bodily Materiality Corinna Sabrina Guerzoni,Claudia Mattalucci,2022-04-07 Reproductive Governance and Bodily Materiality explores the growing centrality and power of the medical professional and lay practices within the field of human reproduction as they entangle with political economic processes providing examples from multiple countries **Fibonacci Tales** eLBe,2016-11-13

Fibonacci Tales are fiction written in the format of the Fibonacci sequence hence the name Fibonacci Tales What Fibonacci did is plug a 0 and a 1 and set the rule to always add the next two numbers Each Fibonacci Tales book has two one page chapters one two page chapter one three page chapter one five page chapter one eight page chapter one thirteen page chapter one twenty one page chapter one thirty four page chapter one fifty five page chapter and one eighty nine page chapter for a total of 232 pages per book Fibonacci Tales are written for all ages and in paired sets of books The first pair of Fibonacci Tales books are Fibonacci Tales Vampire Tales and Fibonacci Tales Knights Tales The second pair of Fibonacci Tales books are Fibonacci Tales Dust Tales and Fibonacci Tales Mother Tales The third pare of Fibonacci Tales books will be

called Fibonacci Tales Cat Tales and Fibonacci Tales Goddess Tales These books are works in progress during mid September 2016 The author expects to complete the third pair of Fibonacci Tales books and available around early to mid 2017 Fibonacci Tales books are designed for electronic book reading Each pair of books includes music callouts that are essential to the stories music has the power to calm the savage beast and therefore Fibonacci Tales books do not lend themselves to printed book format Plus the cost of printing two pairs of books and pressing two CDs for each pair of books would not be cost effective and it would be an outright irritant for the dear reader who would have to advance the CD one tune at a time and stop the CD before the next tune began as CD players are designed to do I would utterly hate to read Fibonacci Tales in printed book format For that reason alone scratch the idea of publishing Fibonacci Tales in physical book format I will not agree On the plus side again I have two disinterested readers who will read and comment on Fibonacci Tales books once they are available in e book format
