clarifies their family's ancestry. The young man's ability to pass for white allows him to negate the harsh and discriminatory treatment most Black people face. This leads to a series of events that significantly shape the way he views his place in society. James Weldon Johnson delivers a captivating tale of identity politics in the U.S. and abroad. The main character is living a life of omission that provides public gain at a personal cost. This story maintains its relevance as a critical examination of race in society. With an eye-catching new cover and professionally typeset manuscript, this edition of *The Autobiography of an Ex-Colored Man* is both modern and readable.

The Autobiography of an Ex-Colored Man James Johnson, 2014-12-15. *The Autobiography of an Ex-Colored Man* James Weldon Johnson, 1912. *The Autobiography of an Ex-Colored Man* 1912-1927 by James Weldon Johnson is the fictional account of a young biracial man referred to only as the Ex-Colored Man living in post-Reconstruction era America in the late nineteenth and early twentieth centuries. He lives through a variety of experiences including witnessing a lynching that convinces him to pass as white to secure his safety and advancement but he feels as if he has given up his dream of glorifying the black race by composing ragtime music. The Ex-Colored Man's mother protected him as a child and teenager. Because of the money provided by his father, she had the means to raise him in an environment more middle class than many blacks could enjoy at the time. After the boy's mother dies, he is a poor orphan and subject to harsh conditions. He adapted very well to life with lower class blacks and was able to move easily among the classes of black society. During this carefree period, he taught music and attended church where he came in contact with upper class blacks. Living in an all-black community, he discovers and describes three classes of blacks: the desperate domestic service and the independent workman or professional. The Ex-Colored Man believed the desperate class consists of poor blacks who loathe the whites. The domestic worker class work as servants to whites. Artisans and skilled workers as well as black professionals had little interaction with the whites. Many white readers who viewed all blacks as a stereotype of a single class were unfamiliar with class distinctions described among blacks.
