Snyder, 2022-10-04 Nonviolence for the soul Nonviolence for the world The future of democracy How are we going to find our way through all the polarizations to a new world that works for everyone Against the backdrop of his Quaker heritage and his own life story Dan Snyder brings together the four disciplines of theology depth psychology strategic nonviolence and spirituality The resulting conversation points toward a reimagining of God self and world We can be both incredibly joyful and deeply responsible citizens We can drink from the deep wells of compassion and mercy Those wells are fed by hidden springs that are beyond fixed ideologies beyond belief and doubt beyond action and inaction even beyond all of our convictions about religious moral or political correctness We are created by Love for love We drink deeply from Love's hidden spring when we learn to pray in the dark **The Alchemy of Becoming** Diane Fulford, Karen Diguier, 2023-09-26 This is a book to be experienced not simply read The Alchemy of Becoming series sets out a methodology that empowers you to raise your level of consciousness to levels never imagined possible The first book and level of this process Being of Truth laid a foundation of authenticity and personal truth In this second installment Being of Love the journey continues as you discover that love is not just a feeling or emotion but rather a powerful life enhancing and life creating force Level 1 reframed fear to trust In Level 2 love is claimed over and beyond fear This is transformation Not just inspiration but transformation to a state of higher consciousness available to us

all Einstein claimed that no problem can be solved from the same level of consciousness that created it It is only in higher consciousness that the intractable issues of our times can be addressed This applies equally to our individual lives be it our health relationships and to our sense of worth and well being Higher consciousness takes you from life happening to you to life happening by you and expressed as you The seven stage alchemic process is the framework for transformation and while the process is universal no two people will have the same experience The experience is personalized to you meaning that it is aligned to your unique vibrational makeup This is a powerful affirming aspect of this methodology as what is revealed to you can only be known by you It all starts with you Transforming yourself to be the alchemist of your own life while serving as a gateway for the change our world so desperately needs

The Guru Principle Lama Shenpen Hookham,2021-08-17 A clear headed and relatable guidebook for navigating the student teacher relationship by one of the first female Buddhist teachers in the West All major forms of Buddhism stress the need for a teacher However the importance of having a guide or guru is sometimes a source of cultural and spiritual confusion as Buddhism expands in the West A clear understanding of the Buddhist view of the guru is essential for the student teacher relationship to be beneficial for one s spiritual growth Collecting over fifty years of personal experiences as both a student and a teacher Shenpen Hookham writes candidly of the opportunities and challenges facing modern Dharma students in the West who wish to study with a teacher Traditional texts often do not reflect how the student teacher relationship manifests in practice which leaves many pressing questions and a great deal of confusion in communities taking root in the West With honesty and clarity Hookham discusses the roles of the teacher practices related to the guru and commonly asked questions she receives as a teacher This handbook is the first of its kind breaking down in a pragmatic and relatable way everything you need to know to enter a student teacher relationship with open eyes and an open heart
