Countdown to Armageddon Mattias Gardell, 1996 Tells the story of the Nation of Islam its rise in northern inner city ghettos during the Great Depression through its decline following the death of Elijah Muhammad in 1975 to its rejuvenation under the leadership of Louis Farrakhan Page 4 of cover

Rushing Ahead to Armageddon Christopher M. Jones, 2010 The world seems to be on the brink as tensions in the Middle East are escalating daily Russia is strengthening its ties with China North Korea Syria and Iran arming them with sophisticated military weaponry Russia is building up its armed forces returning to Cold War military tactics including reopening ports used by the former Soviet Union Tensions between Israel and Iran have never been higher with each nation poised to strike against the other in a moment's notice Iran's nuclear ambition is well documented and is becoming a menace on the International stage With Israel's very existence at stake a preemptive strike against Iran's Russian built nuclear facilities is not out of the realm of possibility A preemptive strike by Israel could provoke a retaliatory response by Russia and her allies It seems that in a moment's notice the events described in Ezekiel 38-39 could break out right before our eyes or is it For many years contemporary prophecy writers have been telling us that we are living in the last days and the Gog and Magog alliance is one sure sign that the Rapture and the Second Coming of Christ are near However there is strong biblical evidence that the candidate often identified as Gog Russia may not in fact be the candidate that Ezekiel was referring to Using the Bible as a guide we can figure out who this obscure person is instead of using today's newspapers With a long history of well documented failed predictions by contemporary prophecy writers maybe it's time that we begin to reevaluate today's popular interpretation of Ezekiel 38-39 in light of the Bible Author's Bio Christopher Jones is the church administrator for Faith Community Worship Center located in the San Francisco Bay Area where he also preaches part time

[The Return of Planet-X](#) Jaysen Q. Rand, 2007 The Return of Planet X is an educational informational source examining all aspects of this controversial subject including the record of X's Ancient Science of Prophecy its Phantom Astronomy Forbidden Archaeology and the Signs Of Its Approach This book examines the history and prophecy of Earth's many cultures throughout the

millennia and their voluminous references to the reality of X's periodic passages. The most current hypothesis used to examine X's next return through the solar system centers around the fact that X's extended orbit approximately every 3,600 years first passing through the solar system then back out again suggests that its destructive cycle occurs in two phases. The first phase begins with X's initial pass through in 2009 separated by three years until its second phase. This passage marks X's return leg back into deep space beginning again its 3,600 year long trek through the heavens. X's last return visit through the solar system most likely coincided with the Hebrew's exodus from Egypt estimated around 1447 BC roughly 3,459 years ago. Did God somehow come to Moses aid by staging a cosmic event that no one today understands? The Mayan Celestial Calendar Codex inexplicably ends 21 December 2012. According to ancient Mayan cosmology time as we know it on Earth will reach its climax on that date. Written across the scroll of time and space the author believes Planet X will first return in 2009 and again in 2012.
