**Christian Classics, 2 Volumes in 1** Stephen Charnock, 2008-09 The Existence and Attributes of God comprises the first two volumes of the works of Stephen Charnock 1628 1680 an English puritan divine who was highly skilled in philosophy patristics Reformed theology and Biblical languages These volumes are his abiding monument They are worthy of being compared with the finest in theology When the existence and attributes of God are called into question to whom else can we better go than to Stephen Charnock those things revealed belong to us and to our children forever The material that Charnock discusses is firmly founded in the Word of God Both the Old Testament and the New emphasize these two things First we should study the whole revelation not just some easy or favorite parts of it secondly the study of God s attributes is not dry as dust theology but is practical that is it leads to righteousness Dr Gordon H Clark from a preface to this great work in a Sovereign Grace edition 1958 One of the greatest tragedies in these spiritually starved times is the sad fact that most Christians know so very little about their God It is often said that this is simply because these volumes are exhaustive on the subject Yet it is clearly filled with sublime expositions of the truth regarding God s existence and attributes Charnock displays God s attributes not as impersonal abstractions for the mind to juggle with but as qualities observable in the concrete actions of the living God of which the Bible speaks The technical terms and sometimes arguments of scholastic theology are employed but always with a Biblical orientation Charnock has no desire to speculate but only to declare the

works and ways the nature and character of the God of the Bible The substance of his doctrine is characteristically Puritan and representatively Reformed Dr James I Packer in The Encyclopedia of Christianity Volume II p 410 The possessor of these rare volumes will be blessed by getting acquainted with the incomparable God and thereby will reach a higher plane of spiritual enjoyment never attained before To know Him better is to love Him more **Justification and the Kingdom of God, Volume One** Paul ChulHong Kang,2025-01-17 The Justification and Kingdom of God series seeks to answer the question How can justified Christians in Jesus bear the fruit of faith reflecting growth in God s image To address this the series helps readers understand what happens to the image bearers of God in Adam or in Jesus Christ This reveals the deeper meaning of the gospel and the restoration of God s image uncovering hidden treasures Now the challenge is whether you will accept these treasures The Kingdom of the Covenant emphasizes the eternal kingdom of the living God through the lens of God s righteousness This encourages readers to remember God s righteousness which runs through his covenants serves as the legal standard of governance the standard of salvation and the standard of a good life Just as God s righteousness is the foundation of his word for his kingdom God s word is the standard for wisdom knowledge judgment and actions Through his word God opens the gates of heaven and connects the present reality of lives with the eternal nature of his kingdom Now lives of faith on this earth carry eternal consequences This book asks What would you do with this gift God s word

W. Tozer,David E. Fessenden,2007 Often quoted by Chuck Swindoll Charles Stanley Billy Graham and other great preachers A W Tozer s words are being heard and read by millions today words like Origin is a creature word All things have an origin But when you come back to God you come back to the One who has not origin He is the Cause of all things the uncaused Cause God is Transcendent You ll never find Him on your own He is far away in one sense but in another He is as near as your heartbeat for the cross has bridged the gulf If there is anything God could learn it would mean that God didn t know it

before If he didn't know it before then He didn't know everything He wouldn't be perfect and if He isn't perfect then He isn't God The chapters of this book were originally preached as sermons at Avenue Road Church in Toronto ON Whether spoken or written Tozer's words were designed to promote personal heart religion among God's people **God With Us and**

**Without Us, Volume One** Imad N. Shehadeh, 2018-09-30 The revelation of the Trinity establishes that the relationship of the one true God with us springs from the relationship within himself without us The Trinity is not a problem to be solved but a beauty to be discovered Dr Imad N Shehadeh uses careful exegetical and theological analysis to explore the presentation of the triune God in Scripture and expertly navigate the reader through the errors and pitfalls regarding the Trinity This book explains the essential role that the perfect truth of a three in one God plays in being able to know God and be sure of his character Dr Shehadeh doesn't fear to tread on controversial ground but instead addresses key issues in theology the study of God such as the logic of the Trinity and whether the God of the Bible is the same as the god of other religions This first of two volumes is a valuable contribution to the theological academy but also is an accessible guide for anyone to encounter the perfect holy triune God **Inquiring about God: Volume 1, Selected Essays** Nicholas Wolterstorff, 2010-02-04 Inquiring

about God is the first of two volumes of Nicholas Wolterstorff's collected papers This volume collects Wolterstorff's essays on the philosophy of religion written over the last thirty five years The essays which span a range of topics including Kant's philosophy of religion the medieval or classical conception of God and the problem of evil are unified by the conviction that some of the central claims made by the classical theistic tradition such as the claims that God is timeless simple and impassible should be rejected Still Wolterstorff contends rejecting the classical conception of God does not imply that theists should accept the Kantian view according to which God cannot be known Of interest to both philosophers and theologians Inquiring about God should give the reader a lively sense of the creative and powerful work done in contemporary philosophical theology by one of its foremost practitioners **Inspired by Tozer** Lauren Barlow, 2011-10-14 When A W
