**Nanofertilizers for Sustainable Agroecosystems** Kamel A. Abd-Elsalam, Mousa A. Alghuthaymi, 2023-11-28 Large scale chemical fertilizer application causes irreparable damage to soil structure mineral cycles soil microbial flora plants and other food chains across ecosystems culminating in heritable mutations in future generations of consumers A better way forward is the use of nanofertilizers to focus on macro elements N P K as switching to nanofertilizers may result in large environmental benefits by replacing the majority of these nutrients Furthermore the biosynthesis of nanomaterials using bacteria algae yeast fungus actinomycetes and plants has opened up a new avenue of research in the production of inorganic nanoparticles as ecologically friendly fertilizers Nanofertilizers should also attain increased efficiency because of a several fold increase in the surface to volume ratio of nano forms of nutrients and their suitability for foliar application where environmental losses are further reduced Nanostructured fertilizers can also improve nutrient use efficiency through strategies such as targeted distribution and progressive or controlled release as they can precisely release their active molecules in response to environmental cues and biological demands Recent research shows nanofertilizers can increase

agricultural productivity by speeding up seed germination seedling growth photosynthetic activity nitrogen metabolism and carbohydrate and protein synthesis The potential agricultural benefits of nanofertilizers their modes of action and the fate of nanomaterials in soil are all discussed in this book It also covers nanofertilizer formulation and delivery applications uptake translocation and their fate in plants as well as their impact on plant physiology and metabolism Nutrient nanoformulation is a valuable method that has the potential to alter the agricultural sector and provide solutions to current and future concerns for sustainable and climate sensitive crops      *Research Publications and Professional Activities* Pennsylvania State
