

A man and a woman are lying on their sides, facing each other in a close, intimate pose. The man is on the left, with his eyes closed and a slight smile. The woman is on the right, looking down at him with a soft expression. They are both wearing light blue, long-sleeved shirts. The background is dark and out of focus.

The Geography of English Politics (Routledge Library Editions: Political Geography) Ron Johnston, 2014-10-03

This book illustrates the degree of variability in voting behaviour within social groups and suggests reasons for that variability. It reviews and critiques conventional analyses and presents statistical analyses of the geography of voting in England. The book reveals that substantial geographical variations exist in the widely held generalisations such as that white collar owner occupiers favour the Conservatives or that blue collar council tenants prefer Labour.

Yoga: Critical Alignment Gert van Leeuwen, 2013-08-13 Yoga Critical Alignment is an innovative illustrated guide to new practices that release the tension held in the body to create a new balanced alignment. In yoga, even seasoned practitioners have the habit of working the body from the surface layers of muscle. The muscles are linked to will, power and discipline, and working hard on the mat can create unhealthy strain in the body. Author Gert van Leeuwen teaches his unique sequences of standing postures, inversions, forward bends, backbends, twists and pranayama to get you to optimal alignment and ease. Each thoughtfully sequenced practice is meticulously illustrated so that you can keep this book at your side while you practice. Core topics include: The role of the skeleton in movement chains and sequences; How to enhance the body's mobility and deepen body awareness; Cultivating a meditation and pranayama practice; Instructions and refinement; Inversions, standing postures, forward bends, backbends, twists, seated postures; Planning lessons for a home practice or a studio environment.
