

A painting depicting a woman with short, dark hair lying down, her face in profile, looking towards the left. Above her head is a large, detailed head of a wolf or similar canine animal, looking down at her. The background is dark and textured, suggesting a forest or night scene. The overall mood is intimate and mysterious.

Alpha A. Timbo,2018-07-03 In this increasingly cynical world the word ambitious has become synonymous with greed and a lust for fame or power This misconception whether adopted consciously or unconsciously has trapped countless generations in mediocrity keeping entire families and communities from ever thriving cultivating their inherent potential or changing the world and themselves for the better This book breaks down ambition into its constituent parts and teaches us how to take advantage of our own potential for change moving beyond the limits we have always believed to be true and stepping outside of mediocrity We are designed to excel and the obstacles and challenges we face in life are there to teach us and propel us forward Without the rain that falls a seed will never reach beyond its small protective shell to become something amazing adding beauty or shelter or sustenance to the world By harnessing our ambition in its purest form we can break out of those shells that hold us back and finally grow into whatever it is we were always meant to become    The Family Herald ,1859
