Conroy, 2020-04-13 Conceived in the era of eugenics as a solution to what was termed the problem of the feeble minded state operated institutions subjected people with intellectual and developmental disabilities to a life of compulsory incarceration One of nearly 300 such facilities in the United States Pennhurst State School and Hospital was initially hailed as a model institution but was later revealed to be a nightmare where medical experimentation and physical and psychological abuse were rampant At its peak more than 3 500 residents were confined at Pennhurst supervised by a staff of fewer than 600 Using a blended narrative of essays and first person accounts this history of Pennhurst examines the institution from its founding during an age of Progressive reform to its present day exploitation as a controversial Halloween attraction In doing so it traces a decades long battle to reform the abhorrent school and hospital and reveals its role as a catalyst for the disability rights movement Beginning in the 1950s parent advocates social workers and attorneys joined forces to challenge the dehumanizing conditions at Pennhurst Their groundbreaking advocacy accelerated in 1968 by the explosive televised expos *Suffer the Little Children* laid the foundation for lawsuits that transformed American jurisprudence and ended mass institutionalization in the United States As a result Pennhurst became a symbolic force in the disability civil rights movement in America and around the world Extensively researched and featuring the stories of survivors parents and advocates this compelling history will appeal both to those with connections to Pennhurst and to anyone interested in the history of institutionalization and the disability rights movement **Against Wind and Tide**

Ousmane K Power-Greene, 2014-09-05 How and why free blacks resisted relocation to Liberia A fine contribution to the story of African colonization movements in early American history *The Journal of American History* *Against Wind and Tide* tells the story of African Americans battle against the American Colonization Society ACS founded in 1816 with the intention to return free blacks to its colony Liberia Although ACS members considered free black colonization in Africa a benevolent enterprise most black leaders rejected the ACS fearing that the organization sought forced removal As Ousmane K Power Greene s story shows these African American anticolonizationists did not believe Liberia would ever be a true black American homeland In this study of anticolonization agitation Power Greene draws on newspapers meeting minutes and letters to explore the concerted effort on the part of nineteenth century black activists community leaders and spokespersons to challenge the American Colonization Society s attempt to make colonization of free blacks federal policy The ACS insisted the plan embodied empowerment The United States they argued would never accept free blacks as citizens and the only solution to the status of free blacks was to create an autonomous nation that would fundamentally reject racism at its core But the activists and reformers on the opposite side believed that the colonization movement was itself deeply racist and in fact one of the greatest obstacles for African Americans to gain citizenship in the United States Power Greene synthesizes debates about colonization and emigration situating this complex and enduring issue into an ever broader conversation about nation
