**How Noise Matters to Finance** N. Adriana Knouf, 2016-07-06 As scores of crises over the past century have shown the stock market is manipulable and manipulated The market is composed of human made machines which are affected by a lack of predictability more fundamental than the human the noise of the material world N Adriana Knouf draws on historical and contemporary documents to show how noise sonic informatic or otherwise affects the ways in which financial markets function How Noise Matters to Finance draws on different forms of financial noise paying attention to how materiality and the interference of humans and machines causes the meanings of noise to shift over space and time Forerunners is a thought in process series of breakthrough digital works Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship

*The Geek's Chihuahua* Ian Bogost, 2015-04-22 At dinnertime check At a traffic light

check In bed at the end of the day check In line at the coffee shop check In The Geek s Chihuahua Ian Bogost addresses the modern love affair of living with Apple during the height of the company s market influence and technology dominance The ubiquitous iPhone and its kin saturate our lives changing everything from our communication to our posture Bogost contrasts the values of Apple s massive success in the twenty first century with those of its rise in the twentieth And he connects living with Apple with the phenomenon of hyperemployment the constant overwork of today s technological life that all of us now experience Bogost also reflects on the new potential function as well as anxiety and anguish of devices like the Apple Watch We are tethered to our devices and as Bogost says that s just life anxious overworked and utterly networked life Forerunners Ideas First is a thought in process series of breakthrough digital publications Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship

*Cinema without Reflection* Akira Mizuta Lippit, 2016-03-30 Cinema without Reflection traces an implicit film theory in Jacques Derrida s oeuvre especially in his frequent invocation of the myth of Echo and Narcissus Derrida s reflections on the economies of image and sound that reverberate in this story along with the spectral dialectics of love mirrors and poesis serve as the basis for a theory of cinema that Derrida perhaps secretly imagined Following Derrida s interventions on Echo and Narcissus across his thought on the visual arts Akira Mizuta Lippit seeks to return to a theory of cinema adrift in Derrida s philosophy Forerunners is a thought in process series of breakthrough digital works Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship

Mediators Reinhold Martin, 2014-10-30 Reinhold Martin s Mediators is a series of linked meditations on the globalized city Focusing on infrastructural technical and social systems Martin explores how the aesthetics and the political economy of cities overlap and interact He discusses a range of subjects including the architecture of finance written into urban policy regimes of enumeration that remix city and country fictional ecologies that rewrite biopolitics the ruins of socialism strewn amid the transnational commons and memories of revolution stored in everyday urban hardware For Martin these mediators the objects processes and imaginaries from which these phenomena emerge serve to explain disparate fragments of a global urbanity Forerunners Ideas First is a thought in process series of breakthrough digital publications Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship

Dark Deleuze Andrew Culp, 2016-06-15 French philosopher Gilles Deleuze is known as a thinker of creation joyous affirmation and rhizomatic assemblages In this short book Andrew Culp polemically argues that this once radical canon of joy has lost its

resistance to the present Concepts created to defeat capitalism have been recycled into business mantras that joyously affirm Power is vertical potential is horizontal Culp recovers the Deleuze s forgotten negativity He unsettles the prevailing interpretation through an underground network of references to conspiracy cruelty the terror of the outside and the shame of being human Ultimately he rekindles opposition to what is intolerable about this world Forerunners is a thought in process series of breakthrough digital works Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship **Aesop's**

**Anthropology** John Hartigan Jr.,2014-10-30 Aesop s Anthropology is a guide for thinking through the perplexing predicaments and encounters that arise as the line between human and nonhuman shifts in modern life Recognizing that culture is not unique to humans John Hartigan Jr asks what we can learn about culture from other species He pursues a variety of philosophical and scientific ideas about what it means to be social using cultural dynamics to rethink what we assume makes humans special and different from other forms of life Through an interlinked series of brief essays Hartigan explores how we can think differently about being human Forerunners Ideas First is a thought in process series of breakthrough digital publications Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship **No Speed Limit**

Steven Shaviro,2015-01-30 Accelerationism is the bastard offspring of a furtive liaison between Marxism and science fiction Its basic premise is that the only way out is the way through to get beyond capitalism we need to push its technologies to the point where they explode This may be dubious as a political strategy but it works as a powerful artistic program Other authors have debated the pros and cons of accelerationist politics No Speed Limit makes the case for an accelerationist aesthetics Our present moment is illuminated both for good and for ill in the cracked mirror of science fictional futurity Forerunners Ideas First is a thought in process series of breakthrough digital publications Written between fresh ideas and finished books Forerunners draws on scholarly work initiated in notable blogs social media conference plenaries journal articles and the synergy of academic exchange This is gray literature publishing where intense thinking change and speculation take place in scholarship *Deep Mapping the Media City* Shannon Mattern,2015-03-11 Going beyond current scholarship on the media city and the smart city Shannon Mattern argues that our global cities have been mediated and intelligent for millennia Deep Mapping the Media City advocates for urban media archaeology a multisensory approach to investigating the material history of networked cities Mattern explores the material assemblages and infrastructures that have shaped the media city by taking archaeology literally using techniques like excavation and mapping to discover the modern city s roots in time Forerunners Ideas First is a thought in process series of breakthrough digital publications Written
