Neo-Victorian Families Christian Gutleben, 2011 Tracing representations of reimagined Victorian families in literature film and television and social discourse this collection the second volume in Rodopi's Neo Victorian Series analyses the historical trajectory of persistent but increasingly contested cultural myths that coalesce around the heterosexual couple and nuclear family as the supposed normative foundation of communities and nations past and present It sheds new light on the significance of families as a source of fluctuating cultural capital deployed in diverse arenas from political debates social policy and identity politics to equal rights activism and analyses how residual as well as emergent ideologies of family are mediated and critiqued by contemporary arts and popular culture This volume will be of interest to researchers and students of neo Victorian studies as well as scholars in contemporary literature and film studies cultural studies and the history of the family Situating the nineteenth century family both as a site of debilitating trauma and the means of ethical resistance against multivalent forms of oppression neo Victorian texts display a fascinating proliferation of alternative family models albeit overshadowed by the apparent recalcitrance of familial ideologies to the same historical changes neo Victorianism reflects and seeks to promote within the cultural imaginary

Deviance in Neo-Victorian Culture Saverio Tomaiuolo, 2018-10-03 This book argues that deviance represents a central issue in neo Victorian culture and that the very concept of neo Victorianism is based upon the idea of diverging from accepted notions regarding the nineteenth century frame of mind However the study of the ways in which the Victorian age has been revised by contemporary authors does not only entail analogies with the present but proves by introducing what is perhaps a more pertinent description of the nineteenth century that it was much more deviant than it is usually depicted and perceived

Deviance in Neo Victorian Culture Canon Transgression Innovation explores a wide variety of textual forms from novels to TV series from movies and graphic novels to visual art The scholarly and educational purpose of this study is to stimulate readers to approach neo Victorianism as a complex cultural phenomenon

Rewriting Reprising volume coord by C Maisonnat J Paccaud Huguet its subversive potential is perceptible notably through its many attempts at emancipating the genre from the ideological fetters of gender Over the past two decades Victorian literature and culture has become an inescapable field of investigations to any study on intertextuality in the English speaking world In a second part diversity has been preferred to any single specific angle to approach the Victorian neo Victorian tropism The purpose is to provide as complete a spectrum as is reasonably possible in such a volume The practice of rewriting in the Victorian age is thus studied alongside contemporary appropriations of the Victorian canon The question is raised of whether literary fetishism may not result in a form of counterfeit classicism while the more challenging neo Victorian rewritings would make a claim for the need to choose one s literary heritage and ancestors This is where the post colonial agenda comes in Precisely the third part investigates the question of rewriting reprising as a way of writing back The myth of Frankenstein s creature bent on wreaking vengeance on his creator is of course seminal as it offers a myth of transgression which in its turn becomes a foundation myth Not only are post colonial responses to their disclaimed parent texts highly theory informed but they also evince an awareness of such contemporary issues which are direct consequences of the colonial past In the last section of this volume the scope of what comes within the range of intertextuality per se is widened to cover artistic dialogism In the exchanges between theatrical texts reprise may be construed as a metaphor standing for the pleasure inherent in the process of recreation The interaction between embedded paintings and the embedding canvas offers yet another variation on the reprise motif as does the meta aesthetic discourse of the critic on the work of art What begins as mere repetition is soon colored by the personal inflections of the interpreter In operatic performances updating a classical text to make it suitable to contemporary audiences and in close harmony with the role assigned to music is liable to spur on the creativity of recreation
