The Changing Legal Orders in Hong Kong and Mainland China: Essays on "One Country, Two Systems" Albert H.Y. Chen,2021 This collection of selected works by Professor Albert H Y Chen shows the contours of the author s scholarship as it developed over 35 years of his academic career from 1984 to the present The essays are divided into three sections which cover the three major domains of Professor Chen s research Part I covers the legal developments and

controversies of One Country Two Systems since the Hong Kong interpretation on the right of abode in 1999 to the anti extradition movement of 2019 Part II shifts to focus on tradition and modernity in Chinese Law including China's Confucian and Legalist traditions and how the socialist legal system in China evolved and modernized in the era of reform and opening Part III examines the transplantation of Western thinking and constitutionalism to East Asia in modern times and discusses the achievements and failures of these efforts In conjunction with an introductory chapter that sets out the basic orientation and paradigm of these legal and constitutional studies and an epilogue that reflects on the main themes this collection exemplifies the author's important contributions to the field and provides insight into how the legal orders in Hong Kong and mainland China have changed over the course of Professor Chen's academic career

Grand Chapter of Delaware, 1907 *The European Court's Political Power* Karen Alter, 2010-06-17 Karen Alter's work on the European Court of Justice heralded a new level of sophistication in the political analysis of the controversial institution through its combination of legal understanding and active engagement with theoretical questions *The European Court's Political Power* assembles the most important of Alter's articles written over a fourteen year span adding an original new introduction and a conclusion that takes an overview of the Court's development and current concerns Together the articles provide insight into the historical and political contours of the ECJ's influence on European politics explaining how and why the impact of an institution can vary so greatly over time and access different issues The book starts with the European Coal and Steel Community where the ECJ was largely unable to facilitate greater member state respect for ECSC rules Alter then shows how legal actors orchestrated an activist transformation of the

European legal system with the critical aid of jurist advocacy movements and via the co-optation of national courts. The transformation of the European legal system wrested control from member states over the meaning of European law but the ECJ continues to have varying influence across different issues. Alter explains that the differing influence of the ECJ comes from the varied extent to which sub and supra national actors turn to it to achieve political objectives. Looking beyond the European experience the book includes four chapters that put the ECJ into a comparative perspective examining the extent to which the ECJ experience is a unique harbinger of the future role international courts may play in international and comparative politics.
