Modern Love David Shumway, 2003-08 My ideas of romance came from the movies said Woody Allen and it is to the movies as well as to novels advice columns and self help books that David Shumway turns for his history of modern love *Modern Love* argues that a crisis in the meaning and experience of marriage emerged when it lost its institutional function of controlling the distribution of property and instead came to be seen as a locus for feelings of desire togetherness and loss Over the course of the twentieth century partly in response to this crisis a new language of love intimacy emerged not so much replacing but rather coexisting with the earlier language of romance Reading a wide range of texts from early twentieth century advice columns and their late twentieth

Lost Masters Curt Sampson,2010-06-15 Of all the games ever played in a sporting competition never has an event been so bizarre and yet so fitting for its historical moment the 1968 Masters Anger gripped America s heart in April 1968 Vietnam and a bitter presidential contest sharpened the divides between races and generations while protests and violence poisoned the air Then an assassin s bullet took the life of Dr Martin Luther King Jr Cities burned The smoke had barely cleared when the Masters began Never was the country more ready for distraction and escape but could the orderly annual excitement of Palmer versus Nicklaus provide it For a while it could and it did except that instead of a duel between golf s superstars several unlikely members of the chorus stepped forward with once in a lifetime performances There was blunt talking Bob Goalby a truck driver s son from Illinois and former star football player loveable Roberto De Vincenzo from Argentina who charmed the galleries and media all week and Bert Yancey a Floridian who d dropped out of West Point to face his private demons of mental illness Just as the competition reached a thrilling crescendo it all fell apart The Masters the best run tournament in the world devolved into a heart wrenching tangle of rules responsibility and technicality In a fascinating narrative that stops in Augusta Buenos Aires and Belleville Illinois bestselling author Curt Sampson finds the truth behind The Lost Masters It s a story you ll never forget **An Emotional History of the United States** Peter N. Stearns,Jan

Lewis,1998 Emotions lie at our very core as human beings How we process and grapple with our emotions how and what we emote and how we respond to the emotions of others constitute the essence of our social universe In a very real sense we exist only through the prism of our emotions And yet the profound effect of human emotion on history politics religion and culture remains underexamined While the influence of emotion in such realms as American foreign policy has been well documented other emotional aspects of American history have escaped notice What role for instance does emotion have in the practice of African American religion How do shame and self hatred influence American conceptions of identity How does our emotional life change as we age To what degree is American consumerism driven by basic human emotion With this landmark anthology historians Peter N Stearns and Jan Lewis provide a road map of the American emotional landscape From the emotional world of working class Massachusetts to the prayers of evangelical and pentecostal women and the gendered nature of black rage these essays provide a multicultural snapshot of the unique nature and evolution of American emotions
