The Agony Of Modernization

Neal G. Jesse, Kristen P. Williams

The Agony Of Modernization:

The Francoist Military Trials Peter Anderson, 2009-09-10 In Spain between 1936 1945 the Franco regime carried out one Europe's more brutal but less remembered programs of mass repression Many were murdered by the regime's death squads and in some areas Francoists also subjected up to 15% of the population to summary military trials Here many suffered the death sentence or jail terms up to thirty years Although historians have recognised the staggering scale of the trials they have tended to overlook the mass participation that underpinned them In contrast to the discussion in other European countries little attention has been paid to the wide scale collusion in the killings and incarcerations in Spain Exploring mass complicity in the trials of hundreds of thousands of defeated Republicans following the end of the Spanish Civil War The Francoist Military Trials probes local Francoists' accusations whereby victims were selected for prosecution in military courts It also shows how insubstantial and hostile testimony formed the bedrock of investigations secured convictions and shaped the harsh sentencing practices of Franco's military judges Using civil court records it also documents how grassroots Francoists continued harassing Republicans for many years after they emerged from prison Challenging the popularly prevalent view that the Franco regime imposed a police state upon a passive Spanish society the evidence Anderson uncovers here illustrates that local state officials and members of the regime's support base together forged a powerful repressive system that allowed them to wage war on elements of their own society to a greater extent than perhaps even the Nazis managed against their own population

Intellectual Discourse and the Politics of Modernization Ali Mirsepassi, 2000-10-12 In this thought provoking study Ali Mirsepassi explores the concept of modernity exposing the Eurocentric prejudices and hostility to non Western culture that have characterized its development Focusing on the Iranian experience of modernity he charts its political and intellectual history and develops a new interpretation of Islamic Fundamentalism through the detailed analysis of the ideas of key Islamic intellectuals The author argues that the Iranian Revolution was not a simple clash between modernity and tradition but an attempt to accommodate modernity within a sense of authentic Islamic identity culture and historical experience He concludes by assessing the future of secularism and democracy in the Middle East in general and in Iran in particular A significant contribution to the literature on modernity social change and Islamic Studies this book will be essential reading for scholars and students of social theory and change Middle Eastern Studies Cultural Studies and many related areas

Democracy and Dictatorship in Europe Sheri Berman, 2019 Democracy and Dictatorship in Europe examines the development of various political regimes in Europe from the ancien régime up through the present day It analyzes why democracy flourishes at some times and in some places but not others and draws lessons from European history that can help us better understand the political situation the world finds itself in today

Governance and Political Adaptation in Fragile States John Idriss Lahai, Karin von Strokirch, Howard Brasted, Helen Ware, 2018-07-21 The book examines the various ways that fragile states or states with limited statehood in Africa Asia the

Pacific and the Americas have adopted and adapted to the processes of liberal political governance in their quests to address the problem of political fragility. It presents the stories of resilience in the political adaptation to Western liberal conceptions of governance. In addition to singular or comparative country case studies, this project also examines the interplay of culture, identities, and politics in the creation of people-centric governance reforms. Towards these ends, this volume sheds light on weak states, often constructive engagement in the promotion of state governance with a variety of political conditions, adverse or otherwise, and their ability to remain resilient despite the complex political, sociocultural, and economic challenges affecting them. Through a multidisciplinary approach, the authors aim to counter the noticeable shortcomings in the discursive representations of fragility and to contribute a more balanced examination of the narratives about and impact of political adaptation and governance in people's lives and experiences.

The Dynamics of Modernization Cyril Edwin Black, 1966

The Artist and Political Vision Benjamin R. Barber, Michael J. Gargas McGrath, Art and politics are often regarded as denizens of different realms, but few artists have been comfortable with the notion of a purely aesthetic definition of art. The artist has a public and thus political vision of the world interpreted by his art, no less than the statesman and the legislator. They have a creative vision of the world they wish to make. The sixteen original essays in this volume bear eloquent witness to this interpenetration of art and politics. Each confronts the intersection of the aesthetic and the social; each is concerned with the interface of poetic vision and political vision of reflection and action. They take art in the broadest sense, ranging over poets, dramatists, novelists, essayists, and filmmakers. Their focus is on art and its political dilemmas, not simply on the artist. They consider the issues raised for politics and culture by alienation, violence, modernization, technology, democracy, progress, and revolution. And they debate the capacity of art to stimulate social change and incite revolution, the temptations of social control of culture and of political censorship, the uncertain relationship between art and history, the impact of economic structure on artistic creation and of economic class on artistic product, the common ground between art and legislation, and between creativity and control.

The Peasantry of Eastern Europe Ivan Volgyes, 2014-05-09

The Peasantry of Eastern Europe Volume II 20th Century Developments reviews research findings concerning rural life and rural transformation in Eastern Europe during the 20th century. The economic and political problems of states where collectivization has been successful are examined, including Hungary and Romania. The social and societal aspects of rural transformation are also discussed. Case studies of peasants in Russia are presented with emphasis on their response to the attraction of urban life and the imposed autocracy and tyranny of Soviet rule. Comprised of 12 chapters, this volume begins with an analysis of the conditions and the minds of Russia's peasants during the period 1900-1917, followed by a detailed account of the peasantry under Soviet rule. The discussion then turns to private farming and the status of peasants in Poland since World War II, land reform in Yugoslavia, and agro-mass

production in Hungary Subsequent chapters explore rural transformation in Romania rural education in Bulgaria the transformation of the Hungarian peasantry in the 20th century peasantry in China and the role of women in the transformation of rural life in post revolution Yugoslavia The book also considers the Third World experience with rural transformation before concluding with an assessment of the peasantry of Eastern Europe under communism This monograph is intended for students academic specialists economists and agriculturists *Nomadic Societies in the Middle East and North Africa* Dawn Chatty,2018-11-12 A scholarly volume devoted to an understanding of contemporary nomadic and pastoral societies in the Middle East and North Africa This volume recognizes the variable mobile quality of the ways of life of these societies which persist in accommodating the nation state of the 20th and 21st century but remain firmly transnational and highly adaptive Composed of four sections around the theme of contestation it includes examinations of contested authority and power space and social transformation development and economic transformation and cultures and engendered spaces **Bourgeois Europe, 1850-1914** Jonathan Sperber,2022-07-19 Now in its second edition *Bourgeois Europe 1850 1914* is a general history of Europe from the middle of the nineteenth century to the outbreak of the First World War a successor to *Revolutionary Europe 1780 1850* also available from Routledge The book offers wide geographic coverage of the European continent from the Arctic Circle to the Mediterranean and from the Atlantic to the Urals Topical coverage is equally broad including major trends and events in international relations and domestic politics in social and gender structures in the economy and in the natural and social sciences the humanities religion and the arts For this second edition the text has been completely revised the latest directions in historical research considered the further reading brought up to date and special attention has been paid to Europe s global interactions with the rest of the world and the structures and norms of gender relations Tables charts maps and other explanatory features help students explore further in the areas that interest them Written in sprightly jargon free clear prose the book is ideal for use as a text in secondary school or university courses as well as for general readers wishing to gain an overview of a crucial era of modern European history **Lost World of Rhodes** Nathan Shachar,2013-04-23 Focuses on the Sephardi community Spanish speaking Jews who arrived in Rhodes sometime after the Spanish expulsion edict of 1492 and who remained the largest single group within the old city walls until Italy adopted German racial legislation in 1938 *Romanian Politics in the Ceașescu Era* Daniel N. Century Firenze 1958 59 and Contemporary Philosophy Firenze 1968 edited by Raymond Klibansky As with the earlier series the present surveys purport to give a survey of significant trends in contemporary philosophical discussion The need for such surveys has I believe increased rather than decreased over the last years The philosophical scene appears for various reasons rather more complex than ever before The continuing process of specialization in most branches the emergence of new schools of thought particularly in philosophical logic in the philosophy of language and in social and political philosophy the increasing attention being paid to the history of philosophy in discussions of contemporary problems as well as the increasing interest in cross cultural philosophical discussion are the most important contributory factors Surveys of the present kind are a valuable source of knowledge about this complexity and may as such be of assistance in renewing the understanding of one's own philosophical problems The surveys it is to be hoped may help to strengthen the Socratic element of modern philosophy the world wide dialogue or Kommunikationsgemeinschaft So far six volumes have been prepared for the new series The present surveys in Asian Philosophy Vol 7 follow the surveys in the Philosophy of Language and Philosophical Logic Vol I Philosophy of Science Vol 2 Philosophy of Action Vol 3 Philosophy of Mind Vol 4 African Philosophy Vol 5 and Medieval Philosophy Part 1 2 Vol 6

Modern Spain Francisco J. Romero Salvadó, 2024-09-19 Using a wealth of varied sources this book is an inspiring and essential gateway to understanding the foundations of modern Spain Francisco J Romero Salvadó employs a chronological framework to chart the country's experience commencing with the Restoration of the Bourbon Monarch in 1874 up to the present day Modern Spain is a vital contribution to the study and debate of this country's history and politics It provides a thorough yet concise study of nearly 150 years of tumultuous historical evolution It examines the crisis of traditional liberal politics and the subsequent ill fated attempts at reform through the military dictatorship headed by General Miguel Primo de Rivera and the progressive Second Republic that ensued The outcome being three years of tragic civil war followed by the long 40 year dictatorship of General Francisco Franco It concludes by exploring Spain's successful and surprisingly rapid transition to democracy and the challenges that it now faces in the 21st century Romero Salvadó uproots the many myths and blatant distortions that have often surrounded the history of Spain By offering an analysis within a European context he also challenges the traditional view of the exceptional character of the country encapsulated in the motto Spain is different On the contrary this book so convincingly contends Spain is a perfect example to show the troubled and often violent path to modernity that western societies had to undergo in their transition from elite to mass politics

Unfinished Agenda Manning Nash, 2019-03-18 Based on comprehensive anthropological field work and uniting ethnographic material with broader generalizations about the processes of modernization this book presents an analysis of social change since decolonization in Latin America the Middle East and particularly in Southeast Asia Professor Nash focuses on societies that are attempting to

Development and Communication in Africa Charles Okigbo, Festus Eribo, 2004

Although Africa is the world's poorest continent it is a major emerging market and partner in the global village of the new millennium. This book presents a wide array of perspectives on the problems and prospects of developing Africa. Leading scholars in African studies and international communication analyze the socio-political and cultural experiences in various communities focusing on key questions: What is development? What are the main issues surrounding development in Africa? And how can communication per se be used to address the persistent problems of underdevelopment?
