Annotations per chapter Jan Vanhellemont, 2019-12-20 Mikhail Bulgakov's novel The Master and Margarita is among other things a satire The author criticises real people in the Soviet Union of the 30s and creates absurd situations by mixing reality and fiction That mix is hidden everywhere throughout the novel in small details which at first sight seem to be trivial but which are significant for those who know why they are mentioned In this book you can find annotations ordered by chapter explaining the names locations situations quotations and other elements which Mikhail Bulgakov used to illustrate his view of Soviet society with the aim of better understanding the novel The terms are mentioned in the order of their first appearance in the novel On various places in this book you will find Quick Reference QR codes which you can scan to gain immediate access to more detailed information on the Master and Margarita website **The New Oxford Annotated Bible with**

Israel, Michael Silverthorne, 2007-05-03 Spinoza's Theological Political Treatise 1670 is one of the most important philosophical works of the early modern period In it Spinoza discusses at length the historical circumstances of the composition and transmission of the Bible demonstrating the fallibility of both its authors and its interpreters He argues that

free enquiry is not only consistent with the security and prosperity of a state but actually essential to them and that such freedom flourishes best in a democratic and republican state in which individuals are left free while religious organizations are subordinated to the secular power His Treatise has profoundly influenced the subsequent history of political thought Enlightenment clandestine or radical philosophy Bible hermeneutics and textual criticism more generally It is presented here in a translation of great clarity and accuracy by Michael Silverthorne and Jonathan Israel with a substantial historical and philosophical introduction by Jonathan Israel **Annotations on the New Testament** Jonathan Peele Dabney,1829

Messiah Edjan Westerman, 2018-09-27 Israel's election calling and history make up a big part of Scripture. It could be said that they belong to the DNA of the Bible. But why is it then that the Christian narrative about the Messiah, Israel and the nations often seemed to have and sometimes even still has a different genetic structure? Does Israel together with its election and promises leave God's stage through a side door when Jesus appears on stage? Does a changing of roles take place within a different story? Does the Messiah function within it as some kind of black hole in which the eternal election and calling of Israel disappear? How do we read God's way? The Holocaust made us realize that our de-Jew-ized reading and preaching of Scripture contributed in various ways to this catastrophe. And we find ourselves confronted by the question: How does the narrative of the Bible then look when the whole of Scripture plays a decisive role and the faithfulness of God toward Israel stays in the center? This book presents an answer to these questions, calling us to learn to read God's way anew and to walk in it.

A Vision of the Days: Studies in Early Jewish History and Historiography, 2024-09-09 This collection of essays treats many aspects of ancient Jewish history and modern historiography in this area with an emphasis on the history and literature of the Second Temple period and especially on the writings of Josephus. It is dedicated to Daniel R. Schwarz and reflects his central academic interests. Additional essays deal with historical and ideological aspects of classical rabbinic literature with archeological finds and with perceptions of the Jews and Judaism on the part of non-Jews in the Second Temple period and later.

Hebrews, the General Letters, and Revelation Charles B. Puskas, 2016-10-28 Most New Testament (NT) introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation. The focus in these introductions is often on the four Gospels and the Letters of Paul. As important as these books are, one should not neglect with only a brief survey the treatment of Hebrews, the General Letters, and the book of Revelation. The title given later to the collection *Catholic Epistles* or *General Letters* is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues. Nevertheless, these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination. My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation: When and why was each book written? By whom and to whom was each book written? What are some special features of each book? How soon or late was each book included in the NT collection? Answers to many of these questions are tentative. The assured results of scholarship are in continual need of reevaluation. Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion.
