The Ash Garden:

Ash Garden Dennis Bock, 2002-08-11 Winner of the Japan Canada Award A Globe100 Best Book of 2001 Finalist for the 2003 IMPAC Award the Amazon.com Book of the Month First Novel Award the Kiriyama Pacific Rim Prize and the Commonwealth Writers Prize for Best Book Caribbean and Canada Region Reissued to mark the 60th anniversary of Hiroshima The Ash Garden is a searing novel of three lives shattered by war from a writer The Globe and Mail called Canada's next great novelist **The Ash Garden** Dennis Bock, 2010 **The Ash Garden** Dennis Bock, 2001 One morning toward the end of the summer they burned away my face This is the way Emiko Amai recalls August 6th 1945 the day she survived the Hiroshima bomb **The Ash Garden: Hiroshima Under a Rain of Ruin** Katy McCormick, 2015-02-22 *The African Husbandman* William Allan, 2004 The African Husbandman helped a generation of scholars and officials to appreciate that Africans agricultural practices were both more complex and more malleable than was often thought Allan's work also pioneered research methods that wedded ethnographic and ecological fieldwork in ways that demonstrated the inextricable links between social arrangements environmental conditions and land use patterns If certain facets of Allan's analysis have now come under scrutiny his general tenet that to improve agricultural prospects in Africa one first has to understand it from the cultivators point of view has only been strengthened with time As long as there are individuals struggling to make sense of African agricultural productivity The African Husbandman will remain a classic **Area Handbook for Zambia** Irving Kaplan, 1974 **Arboretum America** Diana Beresford-Kroeger, 2003 Donated by Alain Arts 2010 and autographed by author The Grass Library David Brooks, 2019 A philosophical and poetic journey recounting the author's relationship with his four sheep and other animals in his home in the Blue Mountains Both memoir and eloquent testament to animal rights One of the most beautifully written books about animals I have ever read I know of nothing else like it published in this or any other country Deep sensitive charming instructive and above all humble I cannot imagine anyone reading it without coming away in some profound sense altered Jeffrey Moussaieff Masson author of When Elephants Weep a gorgeous book Anyone who loves animals will be enchanted but it's a book that will challenge your thinking as well highly recommended ANZ LitLovers LitBlog **Beyond Hostile Islands** Daniel McKay, 2024-04-02 WINNER JAVIER COY BIENNIAL RESEARCH AWARD BEST MONOGRAPH Offers a fascinating window into how the fraught politics of apology in the East Asian region have been figured in anglophone literary fiction The Pacific War 1941-1945 was fought across the world's largest ocean and left a lasting imprint on anglophone literary history However studies of that imprint or of individual authors have focused on American literature without drawing connections to parallel traditions elsewhere Beyond Hostile Islands contributes to ongoing efforts by Australasian scholars to place their national cultures in conversation with those of the United States particularly regarding studies of the ideologies that legitimize warfare Consecutively the book examines five of the most significant historical and thematic areas associated with the war island combat economic competition internment

imprisonment and the atomic bombing of Hiroshima and Nagasaki Throughout the central issue pivots around the question of how or whether at all New Zealand fiction writing differs from that of the United States Can a sense of islandness the tyranny of distance Mori cultural heritage or the political legacies of the nuclear free movement provide grounds for distinctive authorial insights As an opening gambit Beyond Hostile Islands puts forward the term ideological coproduction to describe how a territorially and demographically more minor national culture may accede to the essentials of a given ideology while differing in aspects that reflect historical and provincial dimensions that are important to it Appropriately the literary texts under examination are set in various locales including Japan the Solomon Islands New Zealand New Mexico Ontario and the Marshall Islands The book concludes in a deliberately open ended pose with the full expectation that literary writing on the Pacific War will grow in range and richness aided by the growth of Pacific Studies as a research area

Writers on the Air Donna Seaman, 2005 Vibrant interviews from the radio program Open Books

World Savannas Jayalaxshmi Mistry, Andrea Beradi, 2014-09-15 An interdisciplinary text on the world's savannas covering the geography ecology economics and politics of savanna regions Savannas are a distinct vegetation type covering a third of the world's land surface area and supporting a fifth of the world's population There has been a wide range of literature on the subject but the majority of work has focused on the ecology or development of savanna areas ignoring the wider interdisciplinary issues affecting contemporary savannas World Savannas aims to buck this trend providing students with an up to date and comprehensive introduction to the global importance of savannas

Maize and Grace James C. McCann, 2007-09-15 Sometime around 1500 AD an African farmer planted a maize seed imported from the New World That act set in motion the remarkable saga of one of the world's most influential crops one that would transform the future of Africa and of the Atlantic world Africa's experience with maize is distinctive but also instructive from a global perspective experts predict that by 2020 maize will become the world's most cultivated crop James C McCann moves easily from the village level to the continental scale from the medieval to the modern as he explains the science of maize production and explores how the crop has imprinted itself on Africa's agrarian and urban landscapes Today maize accounts for more than half the calories people consume in many African countries During the twentieth century a tidal wave of maize engulfed the continent and supplanted Africa's own historical grain crops sorghum millet and rice In the metamorphosis of maize from an exotic visitor into a quintessentially African crop in its transformation from vegetable to grain and from curiosity to staple lies a revealing story of cultural adaptation As it unfolds we see how this sixteenth century stranger has become indispensable to Africa's fields storehouses and diets and has embedded itself in Africa's political economic and social relations The recent spread of maize has been alarmingly fast with implications largely overlooked by the media and policymakers McCann's compelling history offers insight into the profound influence of a single crop on African culture health technological innovation and the future of the world's food supply

Biogeography and Ecology of Southern Africa Marinus J.A. Werger, A.C. van Bruggen, 2012-12-06 Southern Africa is certainly not a naturally

bounded area so that there are several possibilities for delineating it and concepts about its extent Wellington discussed the various possibilities for delineation and suggested that one line stands out more clearly and definitely as a physical boundary than any other namely the South Equatorial Divide the watershed between the Zaïre Cuanza and Rufiji Rivers on the one hand and the Zambezi Cunene and Rovuma Rivers on the other This South Equatorial Divide is indeed a major line of separation for some organisms and is also applicable in a certain geographical sense though it does not possess the slightest significance for many other groups of organisms ecosystems or geographical and physical features of Africa The placing of the northern boundary of southern Africa differs in fact strongly per scientific discipline and is also influenced by practical considerations regarding the possibilities of scientific work as subordinate to certain political realities and historically grown traditions This is illustrated for example in such works as the Flora of Southern Africa where the northern boundary of the area is conceived as the northern and eastern political boundaries of South West Africa South Africa and Swaziland Botswana traditionally included in the area covered by the Flora Zambesiaca thus forms a large wedge in Southern Africa

Area Handbook for Zambia Irving Kaplan,1969 **The Celtic Magazine** ,1879 **The Druid Garden** Luke Eastwood,2021-03-26 In this age of high technology GM foods and industrial farming many people are looking for an alternative way to live that honours and respects the natural world The Druid Garden mines the deep seem of gardening through the ages and alternative modern developments to bring the reader a method of gardening that is truly in touch with the Earth Drawing on the knowledge of the Druids and other ancient cultures Luke Eastwood has created a practical guide to organic and natural methods that are proven to work Advice for the total beginner through to the experienced ties together Druidic wisdom with the best of gardening knowledge Part of this book is a handy alphabetical guide to trees shrubs and herbaceous plants giving a wealth of information on history and folklore as well as practical details on plant care and growing from seed This book is invaluable to anyone serious about organic gardening or those simply interested in how things were done in former ages Celtic Europe in particular

Bearing Witness Sherrill Grace,Patrick Imbert,Tiffany Johnstone,2012 Artists and humanists reflect upon the paradox of war [Challenging Stories](#) Anne Burke,Ingrid Johnston,Angela Ward,2017-07-31 How can Canadian educators begin to instill cultural sensitivity and social awareness in elementary and secondary school students This vital text attempts to answer that question by bringing together literacy scholars and practicing teachers in a unique cross Canadian exploration of children s literature and social justice Through reflection on the experience of teaching with various Canadian texts including picture books novels and graphic novels the contributors behind Challenging Stories create a pedagogy of discomfort that will encourage both educators and their students to develop critical literacy skills The compelling contributions to this collection highlight the complexities of teaching with texts that address issues of discrimination historical marginalization colonialism racial and gender intolerance sexual orientation language and cultural diversity The authors offer first hand insight into the possibilities and challenges of

implementing curricular and pedagogical changes to promote equity and social justice in the classroom Featuring the stories of participating teachers and an annotated bibliography of children s literature this invaluable resource will prove to be essential reading for current and future educators **The Garden** ,1873 [Our Last Best Act](#) Mallory McDuff,2021-12-07

As we begin to contemplate death and to embark on practical planning for life s end many of us long to leave a legacy beyond a transfer of money and property one that ensures a sustainable earth for our loved ones our communities and generations to come But where do we even begin With the sudden deaths of both of her parents Mallory McDuff found herself in a similar position Utterly unprepared both emotionally and practically she began to research sustainable practices around death and dying determined to honor their commitment to caring for the earth For McDuff an educator and environmentalist what started as a highly personal endeavor expanded into a yearlong exploration and assessment of green burials aquamation green cemeteries home funerals and human composting In Our Last Best Act McDuff bridges the gap between environmental action and religious faith by demonstrating that when the two are combined they become a powerful force for the greater good Full of practical information and support this book equips readers to make decisions for their own end of life planning In a world experiencing a climate crisis and a culture that avoids discussions about death and dying this book opens the conversation about the choices we make and how it s possible for our death to honor our values create a sustainable legacy and help to heal the earth
