Ah, This! Talks on Zen Stories Osho, 2023-12-01

ZEN IS JUST ZEN. There is nothing comparable to it. It is unique, unique in the sense that it is the most ordinary and yet the most extraordinary phenomenon that has happened to human consciousness. It is the most ordinary because it does not believe in knowledge, it does not believe in mind. It is not a philosophy, not a religion, either. It is the acceptance of the ordinary existence with a total heart, with one's total being not desiring some other world, supra-mundane, supra-mental. It has no interest in any esoteric nonsense, no interest in metaphysics at all. It does not hanker for the other shore; this shore is more than enough. Its acceptance of this shore is so tremendous that through that very acceptance it transforms this shore, and this very shore becomes the other shore.
