Developing a Security Training Program Joseph McDonald, 2024-07-22 Developing a Security Training Program focuses on how to establish a comprehensive training program for a security department from the ground up This book highlights formal curriculum development consistent and continual training and the organizational benefits including how such security training will be a value add It's long overdue for the industry to revisit old security training models from the past to both general staff as well as to the dedicated security staff and professionals within organizations and examine and revamp such with a fresh perspective Given the current dynamic environment for businesses and the threats businesses face it is important that any such training consider all procedures and policies and be fully integrated into the company culture This includes maintaining an eye on budgetary and financial costs while recognizing the need to budget for more training resources to maintain resilience and adaptability to current challenges and future changes to the environment There is only one way to prepare your staff and that is through comprehensive and consistent training Developing a Security Training Program provides the blueprint and tools for professionals to provide ongoing targeted and comprehensive security training at a low budget friendly cost **Personal Identification** David J. Haas, 2024-03-04 Personal Identification Modern

Development and Security Implications Second Edition explains how personal identification and REAL ID became part of the American fabric along with their past century's historical ID development The development of the trusted and secure personal identification documents began with passports and has continued as social changes made IDs more essential This book describes the convergence of technologies and hundreds of patents that produced our trusted and secure documents and IDs from our past right up through to today Key factors that created today's need for public issued mass ID are addressed Chronicles the effects of large and mobile populations beginning a century ago Chronicles the effects of impersonal electronic computer communications at a distance and not face to face The distribution of services and money by

government agencies based on a person's identity including age and group criteria Describes recent national security and terrorism concerns that necessitates the need to know You are who you say you are Personal identification documents IDs and the societal need for trusted identification by the public is a relatively new social phenomenon In 1900 most people did not need or have any IDs until passports with a photograph of the individual became mandatory when Great Britain entered World War I in 1914 In the United States the State issued driver's license is probably the only trusted ID in one's wallet today but they became trusted and secure documents only recently with the requirement for REAL ID With the first photo driver's license issued by the State of Colorado in 1959 it took until 1984 for the last State New York 25 years later to comply As a direct result of 9/11 where terrorists used fake driver's licenses to board planes Congress passed the Real ID Act in 2005 to make all State issued driver's licenses more trusted uniform and tamper resistant what is now called the Enhanced Driver's License with non drivers being issued Enhanced Identification Cards And with this every US citizen can now possess a trusted and secure personal identification document Personal Identification Second Edition chronicles the path of personal identification measures including the latest developments of Real ID Scholars and professional security managers understand that stability security and safety necessitate these identity measures to ensure a safer America The book explains the various stages and advances providing readers with a unique study of this fascinating history of the relationship between identity and the means by which one validates and proves their own identity The enactment of the REAL ID Act of 2005 with more secure and tamper resistant documents for each citizen of the United States is being instituted so that one can trust you are who you say you are The State issued driver's license is not a National ID Card it is a Nationally Recognized ID for each citizen
