*The Provenance of the Pseudepigrapha* James R. Davila, 2005 This book analyzes a substantial corpus of Old Testament pseudepigrapha proposing a methodology for understanding them first in the social context of their earliest Christian manuscripts and inferring still earlier Jewish or other origins only as required by positive evidence

*The Old English Version of Bede's Historia Ecclesiastica* Sharon M. Rowley, 2011 Pioneering examination of the Old English version of Bede's *Historia ecclesiastica* and its reception in the middle ages from a theoretically informed multi disciplinary perspective The first full length study of the Old English version of Bede's masterwork dealing with one of the most important texts to survive from Anglo Saxon England The subjects treated range from a detailed analysis of the manuscripts and the medieval use of them to a very satisfying conclusion that summarizes all the major issues related to the work giving a compelling summary of the value and importance of this independent creation Dr Rowley convincingly argues that the Old English version is not an inferior imitation of Bede's work but represents an intelligent reworking of the text for a later generation An exhaustive study and a major scholarly contribution

GEORGE HARDIN BROWN Professor of English emeritus Stanford University The Old English version of Bede's *Historia ecclesiastica gentis anglorum* is one of the earliest and most substantial surviving works of Old English prose Translated anonymously around the end of the ninth or beginning of the tenth century the text which is substantially shorter than Bede's original was well known and actively used in medieval England and was highly influential However despite its importance it has been little studied In this first book on the subject the author places the work in its manuscript context arguing that the text was an independent ecclesiastical translation thoughtfully revised for its new audience Rather than looking back on the age of Bede from the perspective of a king centralizing power and building a community by recalling a glorious English past the Old English version of Bede's *Historia* transforms its source to focus on local history key Anglo Saxon saints and their miracles The author argues that its reading reflects an ecclesiastical setting more than a political one with uses more hagiographical than royal and that rather than being used as a class book or crib it functioned as a resource for vernacular preaching as a corpus of vernacular saints lives for oral performance and episcopal authority Sharon M Rowley is Associate Professor of English at Christopher Newport University

*Turpines Story* Stephen H. A. Shepherd, 2004 This unique Middle English text not previously published of the immensely popular story of Charlemagne's Spanish wars and defeat at Roncevaux has only recently been discovered It is one of the earliest prose romances pre dating Sir Thomas Malory's *Morte D Artur* by more than a decade This version testifies to a distinctive British tradition of the Charlemagne story The manuscript's history locates the text in Lancastrian and regional politics of the mid fifteenth century

*The Curse of Ham* David M. Goldenberg, 2005-08-07 In this book David Goldenberg seeks to discover how dark skinned peoples especially black Africans were portrayed in the Bible and by those who interpreted the Bible Jews Christians and Muslims Unprecedented in rigor and breadth his investigation covers a 1 500 year period from ancient Israel

around 800 B C E to the eighth century C E after the birth of Islam By tracing the development of anti Black sentiment during this time Goldenberg uncovers views about race color and slavery that took shape over the centuries most centrally the belief that the biblical Ham and his descendants the black Africans had been cursed by God with eternal slavery

**Ælfric's Letter to the Monks of Eynsham** Christopher A. Jones,1999-03-25 Though best known today for his Old English homilies the Anglo Saxon scholar lfric also composed a Latin letter to his fellow monks at Eynsham Oxfordshire containing a detailed outline of their daily and seasonal round of prayer and other duties The document offers a rare glimpse of what ordinary monks in Anglo Saxon England were expected to know and do This 1999 book contains an edition of the Latin letters a textual commentary and a complete English translation of the work Dr Jones also provides substantial introductory chapters which establish the exceptional importance of the Eynsham letter for our understanding of late Anglo Saxon monasticism and liturgy The book will interest students of early medieval culture monasticism and Church history

*The Chester Beatty Biblical Papyri at Ninety* Garrick Vernon Allen,Usama Ali Mohamed Gad,Kelsie Gayle Rodenbiker,Anthony Philip Royle,Jill Unkel,2023-05-08 Despite the significant work carried out on the text transmission materiality and scribal habits preserved in the Chester Beatty Biblical Papyri since their acquisition by Beatty ninety years ago in 1931 these early copies of Jewish scripture and the New Testament have for the most part belonged primarily to textual critics The goal of this book is to resituate this important collection of manuscripts in broader contexts examining their significance in conversation with papyrology as a discipline in the context of other ancient literary traditions preserved on papyri and in discussion with the intellectual and cultural history of collecting colonialism and scholarly rhetoric The Chester Beatty Biblical Papyri and other papyrological collection with which they are inextricably bound remind us of the critical value of examining old manuscripts afresh in their historical scholarly and intellectual contexts These studies are relevant for all scholars who work with manuscripts and ancient texts of any variety     *Index of English Literary Manuscripts* Margaret M. **Abstractions of Evidence in the Study of Manuscripts and Early Printed Books** Joseph A. Dane, 2016-12-05 In this book Joseph Dane critiques the use of material evidence in studies of manuscript and printed books by delving into accepted notions about the study of print culture He questions the institutional and ideological presuppositions that govern medieval studies descriptive bibliography and library science Dane begins by asking what is the relation between material evidence and the abstract statements made about the evidence ultimately he asks how evidence is to be defined The goal of this book is to show that evidence from texts and written objects often becomes twisted to support pre existing arguments and that generations of bibliographers have created narratives of authorship printing reading and editing that reflect romantic notions of identity growth and development The first part of the book is dedicated to medieval texts and authorship materials include Everyman Chaucer s Legend of Good Women the Anglo Norman Le Seint Resurrection and Adam de la Helle s Le Jeu de Robin et Marion The second half of the book is concerned with abstract notions about books and scholarly definitions about what a book actually is chapters include studies of basic bibliographical concepts Ideal Copy

and the application of such a notion in early editions of Chaucer the combination of manuscript and printing in the books of Colard Mansion and finally examples of the organization of books by an early nineteenth century book collector Leander Van Ess This study is an important contribution to debates about the nature of bibliography and the critical institutions that have shaped its current practice *Two Old English Apocrypha and Their Manuscript Source* Denis Brearley, Julia Crick, 2007-02 The manuscript source for the Old English versions of two biblical apocrypha The Gospel of Nichodemus and The Avenging of the Saviour Private Libraries and their Documentation, 1665-1830 Rindert Jagersma, Helwi Blom, Evelien Chayes, Ann-Marie Hansen, 2023-11-07 The essays in *Private Libraries and their Documentation* revolve around the users and contents of early modern private book collections and around the sources used to document and study these collections They take the reader from large scale projects on historical book ownership to micro level research conducted on individual libraries and from analyses of specific types of primary sources to general typologies and overviews by period and by region As a result of its comparative approach and active engagement with questions regarding the nature selection and accessibility of sources the volume serves as a guide to sources and resources in different regions as well as to state of the art methods and interpretational approaches Publication of this volume in open access was made possible by the Ammodo KNAW Award 2017 for Humanities **Mark Twain's Letters, Volume 5** Mark Twain, 2023-11-15 Livy darling it was flattering at the Lord Mayor s dinner tonight to have the nation s honored favorite the Lord High Chancellor of England in his vast wig gown with a splendid sword bearing lackey following him holding up his train walk me arm in arm through the brilliant assemblage welcome me with all the enthusiasm of a girl tell me that when affairs of state oppress him he can t sleep he always has my books at hand forgets his perplexities in reading them 10 November 1872 On his first trip to England to gather material for a book and cement relations with his newly authorized English publishers Samuel Clemens was astounded to find himself hailed everywhere as a literary lion America s premier humorist had begun his long tenure as an international celebrity Meanwhile he was coming into his full power at home The Innocents Abroad continued to produce impressive royalties and his new book *Roughing It* was enjoying great popularity In newspaper columns he appeared regularly as public advocate and conscience speaking on issues as disparate as safety at sea and political corruption Clemens s personal life at this time was for the most part fulfilling although saddened by the loss of his nineteen month old son Langdon who died of diphtheria Life in the Nook Farm community of writers and progressive thinkers and activists was proving to be all the Clemenses had hoped for The 309 letters in this volume more than half of them never before published capture the events of these years with detailed intimacy Thoroughly annotated and indexed they are supplemented by genealogical charts of the Clemens and Langdon families a transcription of the journals Clemens kept during his 1872 visit to England book contracts his preface to the English edition of *The Gilded Age* contemporary photographs of family and friends and a gathering of all newly discovered letters written between 1865 and 1871 This volume is the fifth in the only complete

**The Prose Brut and Other Late Medieval Chronicles** Jaclyn Rajsic, Erik Kooper, Dominique T. Hoche, 2016. Essays on the medieval chronicle tradition shedding light on history writing manuscript studies and the history of the book and the post medieval reception of such texts. The histories of chronicles composed in England during the fourteenth and fifteenth centuries and onwards with a focus on texts belonging to or engaging with the Prose Brut tradition are the focus of this volume. The contributors examine the composition dissemination and reception of historical texts written in Anglo Norman Latin and English including the Prose Brut chronicle c 1300 and later Castleford's Chronicle c 1327 and Nicholas Trevet's Les Cronicles c 1334 looking at questions of the processes of writing rewriting printing and editing history. They cross traditional boundaries of subject and period taking multi disciplinary approaches to their studies in order to underscore the shifting historical social and political contexts in which medieval English chronicles were used and read from the fourteenth century through to the present day. As such the volume honours the pioneering work of the late Professor Lister M Matheson whose research in this area demonstrated that a full understanding of medieval historical literature demands attention to both the content of the works in question and to the material circumstances of producing those works.

JACLYN RAJSIC is a Lecturer in Medieval Literature in the School of English and Drama at Queen Mary University of London. ERIK KOOPER taught Old and Middle English at Utrecht University until his retirement in 2007. DOMINIQUE HOCHÉ is an Associate Professor at West Liberty University in West Virginia.
