Enlightenment with changing attitudes towards fellow man and social initiatives underway including the founding of charitable societies At that time three noblemen in Amsterdam realised that too many victims who had fallen in the waters of Amsterdam were left to their fate and died Hence in 1767 they founded a society for the rescue of drowning victims de Maatschappij tot Redding van Drenkelingen Their initiative was widely applauded In the years that followed other cities in Holland started their own initiatives **Texas Medicine** ,1985 *Texas Register* Texas.
