Working With Students With Disabilities Vicki A. McGinley, Barbara C. Trolley, 2015-09-14 Working with Students with Disabilities Preparing School Counselors by Vicki A McGinley and Barbara C Trolley is an essential tool for all school counselors in training and in practice with the aim to provide a comprehensive approach to working with students with disabilities in a school setting As more students with disabilities are being included school counselors need to have a fundamental understanding of the terminology laws principles collaboration assessment measures and psycho social diversity issues associated with special education This book continues in the trend of providing sound evidenced based knowledge with practical case examples and guided exercises making the material come alive and fostering critical thinking Finally a book FOR school counselors that specifically addresses the needs of students with disabilities and how we can interface with the team in supporting these students Nona Cabral California Baptist University McGinley and Trolley have brought together in one exceptional volume the vast material that modern school counselors often leave the classroom searching for how to understand the complexities of the system in regards to students with special needs how to best collaborate with professionals and families in meeting those needs and how to best structure interventions and programs to move those students forward across social emotional and academic realms Carrie Lynn Bailey Georgia Southern University McGinley and Trolley have crafted a text that illuminates the multifaceted responsibilities of school counselors relevant to special education Faculty graduate students and practicing counselors alike will find the problem based learning approach a helpful guide for integrating the content covered in this text into their professional practice Kylie P Dotson Blake East Carolina University Special education students are frequently the most marginalized group on school campuses Working with Students with Disabilities Preparing School Counselors points to ways school counselors can open pathways for creating a learning community that supports all students Rolla E Lewis California State University East Bay

Teaching Creatively and Teaching Creativity Mary Banks Gregerson, Heather T. Snyder, James C. Kaufman, 2012-11-13 Creative teaching as well as teaching creativity are cutting edge issues in psychology today as recent academic and popular media coverage has shown This volume expands on that interest with chapter authors drawn from interdisciplinary areas It includes examples of creatively teaching across the education system including preschool K 12 undergraduate and graduate level education The variety of subjects covered by the chapters include psychology math science and reading In addition to creative teaching which may lead to enhanced learning and achievement in students as well enhanced creativity another focus is teaching with the objective to enhance creativity

An Activist Handbook for the Education Revolution Morna M. McDermott, Peggy Robertson, Rosemarie Jensen, Ceresta Smith, 2014-12-01 Contributions by Rosemarie Jensen Shaun Johnson Morna McDermott Laurie Murphy Peggy Robertson Ruth Rodriguez Tim Slekar Ceresta Smith United Opt Out National Forward by Ricardo Rosa University of Massachusetts Dartmouth This book is intended for educators parents and community activists interested in reclaiming our public schools and reclaiming the public narrative around education policy The book infuses

research about the recent history of education policy reform the strategies United Opt Out uses for fighting back against these policies and proposes solutions that work to create sustainable equitable anti racist democratic and meaningful public education This book is for anyone interested in an insider s look behind the scene of forming an organization or leading a resistance Simultaneously the book provides scholarly based research about the broader issues policies and data around education reform and the opt out movement Education policy has been heating up ever since NCLB but especially since the roll out of Race to The Top and the Common Core State Standards Nationally publicized debates and discord over these policies are garnering public attention of teachers parents and whole communities We hope this book will add to the library of other recent books such as Mercedes Schneider s A Chronicle of Echoes 2014 Diane Ravitch s Reign of Error 2013 and Bowers Thomas eds Detesting and Degrading Schools 2012 that have exposed the complex corporate interest in shaping education policies and the destructive influence such policies will have on our children and on our democracy This book uses first person narratives infused with research and scholarship to create personalized accounts into the life of education activism Each chapter includes an Activists Handbook section to provide support for our activist readers in their own efforts We hope that our experiences will inspire others to take this charge upon themselves as well Every Child, Every Classroom, Every Day Robert Peterkin, Deborah Jewell-Sherman, Laura Kelley, Leslie Boozer, 2011-04-26 Urban school superintendents face unprecedented challenges They must ensure that all students achieve a high level of performance despite a lack of resources the intractable problems of race and poverty a chaotic governance structure and the often conflicting demands of teachers parents unions and the community This important book edited by the co directors of the prestigious Harvard Urban Superintendents Program USP explores the ways in which superintendents can make a difference in the lives of each child every day by being knowledgeable about and driven by what happens in the classroom The editors and distinguished contributors cover a wide range of vital topics that superintendents face from the day they are hired to the day they retire such as how superintendents can most effectively communicate their vision plan strategically institute instructional reform engage the community and allocate resources The book is filled with illustrative examples of well known superintendents who are trailblazing new means to achieve educational fairness for all children and are changing the landscape of urban school systems today In addition Every Child Every Classroom Every Day highlights the Urban Superintendents Program s Leadership Framework which is designed to aid administrators and educators in decision making and achieving equity An ancillary CD containing teaching notes and exhibits is also included in the print edition only as an aid to teachers who wish to scaffold material discussed in the text Note CD ROM DVD and other supplementary materials are not included as part of eBook file These materials will be made available for download upon purchase of the digital edition Co published with Education Week and the American Association of School Administrators **Assessment of Higher Order Thinking Skills** Gregory Schraw, Daniel H. Robinson, 2011-10-01 This volume examines the assessment of higher order

thinking skills from the perspectives of applied cognitive psychology and measurement theory The volume considers a variety of higher order thinking skills including problem solving critical thinking argumentation decision making creativity metacognition and self regulation Fourteen chapters by experts in learning and measurement comprise four sections which address conceptual approaches to understanding higher order thinking skills cognitively oriented assessment models thinking in the content domains and practical assessment issues The volume discusses models of thinking skills as well as applied issues related to the construction validation administration and scoring of performancebased selected response and constructed response assessments The goal of the volume is to promote a better theoretical understanding of higher order thinking in order to facilitate instruction and assessment of those skills among students in all K 12 content domains as well as professional licensure and certification settings

English Learners' Access to Postsecondary Education Yasuko Kanno, 2021-09-09 Why does a public high school despite having resources and educators with good intentions end up graduating English learners ELs without preparing them for college and career This book answers this question through a longitudinal ethnographic case study of a diverse high school in Pennsylvania The author takes the reader on a journey with seven EL students through their last two years of high school exploring how and why none of them reached the postsecondary destinations they originally aspired to This book provides a sobering look into the systemic undereducation of high school ELs and the role of high schools in limiting their postsecondary options
