Johnson, Narketta M. Sparkman-Key, Alan Meca, Shuntay Z. This collection of chapters that cover antiracist research theory and practice approaches is in direct response to Kendi's 2019 call to action to examine and revise institutional policies and practices to become antiracist. Collectively, this book advances existing research and resources by providing interdisciplinary strategies for helping professionals to engage in antiracism through critical evaluation of research practice and policies. Doing so empowers helping professionals across disciplines to employ antiracist strategies that deconstruct and dismantle racism embedded within the foundational origins, professional standards, and disciplinary practices of helping professions while simultaneously merging research practice and advocacy that employs antiracist practices.
