Secants And Tangents Instructional Fair:

Tangents and Secants of Algebraic Varieties F. L. Zak, 1993 The book is devoted to geometry of algebraic varieties in projective spaces Among the objects considered in some detail are tangent and secant varieties Gauss maps dual varieties hyperplane sections projections and varieties of small codimension Emphasis is made on the study of interplay between irregular behavior of higher secant varieties and irregular tangencies to the original variety Classification of varieties with unusual tangential properties yields interesting examples many of which arise as orbits of representations of algebraic groups

ABSTRACT

Fair Isn't Always Equal Rick Wormeli, 2006 Differentiated instruction is a nice idea but what happens when it comes to assessing and grading students What's both fair and leads to real student learning Fair Isn't Always Equal answers that question and much more Rick Wormeli offers the latest research and common sense thinking that teachers and administrators seek when it comes to assessment and grading in differentiated classes Filled with real examples and gray areas that middle and high school educators will easily recognize Rick tackles important and sometimes controversial assessment and grading issues constructively The book covers high level concepts ranging from rationale for differentiating assessment and grading to understanding mastery as well as the nitty gritty details of grading and assessment such as whether to incorporate effort attendance and behavior into academic grades whether to grade homework setting up grade books and report cards to reflect differentiated practices principles of successful assessment how to create useful and fair test questions including how to grade such prompts efficiently whether to allow students to re-do assessments for full credit This thorough and practical guide also includes a special section for teacher leaders that explores ways to support colleagues as they move toward successful assessment and grading practices for differentiated classrooms
