Clarence Bernard Henry

Songs Of The Factory Pop Music Culture And Resistance:

Songs of the Factory Marek Korczynski, 2015-02-06 Marek Korczynski reports on his ethnographic fieldwork in a British factory to show how workers make often grueling assembly line work tolerable by permeating their workday with pop music on the radio

Global Popular Music Clarence Bernard Henry, 2024-11-19 *Global Popular Music* A Research and Information Guide offers an essential annotated bibliography of scholarship on popular music around the world in a two volume set Featuring a broad range of subjects people cultures and geographic areas and spanning musical genres such as traditional folk jazz rock reggae samba rai punk hip hop and many more this guide highlights different approaches and discussions within global popular music research This research guide is comprehensive in scope providing a vital resource for scholars and students approaching the vast amount of publications on popular music studies and popular music traditions around the world Thorough cross referencing and robust indexes of genres places names and subjects make the guide easy to use Volume 2 Transnational Discourses of Global Popular Music Studies covers the geographical areas of North America United States and Canada Central America Caribbean and South America Latin America Europe Africa and Middle East Asia and areas of Oceania Aotearoa New Zealand Australia and Pacific Islands It provides over twenty four hundred annotated bibliographic entries covering discourses of extensive research that extend beyond the borders of the United States and includes annotated entries to books book series book chapters edited volumes special documentaries and programming scholarly journal essays and other resources that focus on the creative and artistic flows of global popular music

Music as Multimodal Discourse Lyndon C. S. Way, Simon McKerrell, 2017-01-26 We communicate multimodally Everyday communication involves not only words but gestures images videos sounds and of course music Music has traditionally been viewed as a separate object that we can isolate discuss perform and listen to However much of music s power lies in its use as multimodal communication It is not just lyrics which lend songs their meaning but images and musical sounds as well The music industry governments and artists have always relied on posters films and album covers to enhance music s semiotic meaning Music as Multimodal Discourse Semiotics Power and Protest considers musical sound as multimodal communication examining the interacting meaning potential of sonic aspects such as rhythm instrumentation pitch tonality melody and their interrelationships with text image and other modes drawing upon and extending the conceptual territory of social semiotics In so doing this book brings together research from scholars to explore questions around how we communicate through musical discourse and in the discourses of music Methods in this collection are drawn from Critical Discourse Analysis Social Semiotics and Music Studies to expose both the function and semiotic potential of the various modes used in songs and other musical texts These analyses reveal how each mode works in various contexts from around the world often articulating counter hegemonic and subversive discourses of identity and belonging

Discourse and Social Media Gwen Bouvier, 2018-02-02 *Discourse and Social Media* is a unique and timely collection that breaks ground on how discourse

scholars coming from a range of disciplinary perspectives can critically analyse different social media including YouTube Facebook Twitter and News The book fills a gap in the market for a multi disciplinary collection for analysing the discourse of social media In providing a thorough review of the field to date the opening chapter considers some of the common and divergent interests and priorities that exist in social media discourse analysis It also discusses the wider methodological and theoretical implications which social media analysis brings to the process of discourse analysis as new forms of connections and communication call us to re think the static models that we have been using The rest of the collection draws on different traditions in discourse studies including Critical Discourse Analysis Sociolinguistics Pragmatics Foucaultian analysis and Multimodality to bring several unique approaches to critically analysing social media from a discourse perspective Each ground breaking chapter shows how different forms of social media data can best be selected analysed and dealt with critically As a whole Discourse and Social Media provides a go to resource for social media scholars as well as graduate students The book is a significant contribution to the development of the field at this present shifting time This book was originally published as a special issue of the Journal of Multicultural Discourses Instrument of War David

Suisman,2024-11-26 An original history of music in the lives of American soldiers Since the Civil War music has coursed through the United States military Soldiers have sung while marching listened to phonographs and armed forces radio and packed the seats at large scale USO shows Reveille has roused soldiers in the morning and Taps has marked the end of a long day Whether the sounds came from brass instruments weary and homesick singers or a pair of heavily used earbuds where there was war there was music too Instrument of War is a first of its kind study of music in the lives of American soldiers Although musical activity has been part of war since time immemorial the significance of the US military as a musical institution has generally gone unnoticed Historian David Suisman traces how the US military used and continues to use music to train soldiers and regulate military life and how soldiers themselves have turned to music to cope with war s emotional and psychological realities Opening our ears to these practices Suisman reveals how music has enabled more than a century and a half of American war making Instrument of War unsettles assumptions about music as a force of uplift and beauty demonstrating how it has also been entangled in large scale state violence Whether it involves chanting Sound off in basic training switching on a phonograph or radio or cueing up an iPod playlist while out on patrol the sound of music has long resonated in soldiers wartime experiences Now we all can finally hear it Class and Everyday Life Kirsteen

Paton,2023-11-28 Exploring the issues of class through in depth studies of housing sport art music and politics in Britain Class and Everyday Life persuasively demonstrates the pervasive influence of class on everyday life and the need to centre a radical understanding of class within emancipatory political movements The need for a more expansive understanding of class is politically urgent There is a disconnect between descriptive and analytical approaches to class and the politics of class and realities around how class is lived Discourse has been shaped by top down frameworks of analysis and

measurements which have stripped the study of class of its political radicalism This book makes the case for a sociology of class which is informed by a politics of class based upon using the everyday as the point of enquiry It presents a sociology of class from the bottom up which focuses on everyday life and the point at which class is made and remade In doing so it advocates for an attentiveness to class and everyday life through a conjunctural analysis Using an everyday lens this book examines how the shifting conjunctures manifest in everyday spaces in classed ways and how such changes are negotiated resisted and shape the working class subject and communities This is based upon an understanding of everyday classed experiences which identifies and challenges inequalities while also recognising value and hope This perspective aims to offer a recognition of both the opportunities and challenges of class as a way of developing a stronger more politicised understanding of class which takes solidarity and class community power seriously to resist inequality and develop emancipatory politics This urgent and impassioned book will be essential reading for students academics and activists with an interest in the lived experience of class in Britain today

Nostalgia, Song and the Quest for Home Paul

Carr, 2025-08-07 What does it mean to evoke a sense of home through song or intentionally utilize nostalgia in songwriting This book explores a neglected aspect of scholarship surrounding the study of song its relationship with nostalgia and notions of home in the broadest sense Each essay in this collection studies these factors from the perspective of production text and reception either individually or in combination Making use of frameworks such as Marxism critical theory and hauntology this is a propulsive study of the global cultural phenomena of nostalgia music From the perspective of production authors explore nostalgia as technique and the commercialization of nostalgia The section focused on text features case studies of nostalgic songs or albums about home and musicological analyses of the nostalgic trends of songwriters songs albums Finally the reception essays facilitate examination of nostalgic narratives from the subjective and varying perspectives of audiences or listeners Whether identifying with Bruce Springsteen or ABBA or hailing from Ukraine or New Zealand the featured music speaks to a listener's sense of home and self From music of the Serbian diaspora and Country n Irish music which speak of a nostalgia for a homeland or time to which one cannot return to a song performed in the Wuhan dialect for listeners who could not leave their homes during COVID containment these collected essays feature the music of artists whose audiences have found and clung to a version of themselves

Popular Music in Contemporary Bulgaria Asya

Draganova, 2019-03-07 On the crossroads between the cultural influences of perceived global models and local specificity entangled in webs of post communist complexity Bulgarian popular music has evolved as a space of change and creativity on the edge of Europe An ethnographic exploration this book accesses insight from music figures from a spectrum of styles

Deindustrialisation and Popular Music Giacomo Bottà, 2020-06-04 The book is a comparative study of popular music cultures in 1980s Torino Tampere Manchester and Düsseldorf and their relation to the industrial city as imaginary as heritage and as everyday reality Popular music genres such as hardcore punk house industrial post punk and heavy metal share a

common origin in 1980s decaying industrial cities All these genres have been canonized and understood as scores for grey gloomy decaying urban industrial environments or for their evocation but is there an organic relationship between de industrialization and this kind of music production *Take This Hammer* Paul Rekret,2024-08-27 A study of contemporary music in light of transformations to work and social life The emergence of the popular music industry in the early twentieth century not only drove a wedge between music production and consumption it also underscored a wider separation of labor from leisure and of the workplace from the domestic sphere These were changes characteristic of an industrial society where pleasure was to be sought outside of work but these categories have grown increasingly porous today As the working day extends into the home or becomes indistinguishable from leisure time so the role and meaning of music in everyday life changes too In arguing that the experience of popular music is partly conditioned by its segregation from work and its restriction to the time and space of leisure the evening the weekend the dancehall *Take This Hammer* shows how changes to work as it grows increasingly precarious part time and temporary in recent decades are related to transformations in popular music Connecting contemporary changes in work and the economy to tendencies in popular music *Take This Hammer* shows how song form has both reflected developments in contemporary capitalism while also intimating a horizon beyond it From online streaming and the extension of the working day to gentrification unemployment and the emergence of trap rap from ecological crisis and field recording to automation and trends in dance music by exploring the intersections of work and song in the current era not only do we gain a new understanding of contemporary musical culture we also see how music might gesture towards a horizon beyond the alienating experience of work in capitalism itself **Collective Mobilization in**

Changing Conditions Jonas Axelsson,Jan Ch. Karlsson,Egil J. Skorstad,2019-05-29 This book presents the first published account in English of Sverre Lysgaard s theory of the worker collectivity a theory of an informal protective organisation among subordinate employees which so far has been unknown outside Scandinavia Lysgaard s theory espouses that workers collectively form a buffer against management to protect themselves from the technical economic power which controls their working lives The authors have returned to the same Norwegian factory Lysgaard studied in the 1950s to carry out ethnographic fieldwork in the 1980s and 2010s and investigate the changing nature of the production labour processes and management strategies Through analysis that extends over 50 years of factory life this research documents shifting power relations between workers and employers during times of changing institutional structures globalisation and worker solidarity A revised version of the theory is also presented as an answer to some of the uncovered deficiencies in the original framework The book will be of interest to students and scholars of the sociology of work labour studies business management and organisation studies **Analysing Politics and Protest in Digital Popular Culture** Lyndon Way,2020-12-16

Supporting you with varied features throughout this intriguing new book provides a foundational understanding of politics and protest before focusing on step by step instructions for carrying out analysis on your own It includes up to date cases

such as analysis of memes about Brexit Trump and coronavirus that cater for this quickly moving field

The Musical Human Michael Spitzer, 2022-04-14 A RADIO 4 BOOK OF THE WEEK Full of delightful nuggets Guardian online Entertaining informative and philosophical An essential read All About History Extraordinary range All the world and more is here Evening Standard 165 million years ago saw the birth of rhythm 66 million years ago came the first melody 40 thousand years ago Homo sapiens created the first musical instrument Today music fills our lives How we have created performed and listened to music throughout history has defined what our species is and how we understand who we are Yet it is an overlooked part of our origin story The Musical Human takes us on an exhilarating journey across the ages from Bach to BTS and back to explore the vibrant relationship between music and the human species With insights from a wealth of disciplines world leading musicologist Michael Spitzer renders a global history of music on the widest possible canvas from global history to our everyday lives from insects to apes humans to artificial intelligence Michael Spitzer has pulled off the impossible a Guns Germs and Steel for music Daniel Levitin A thrilling exploration of what music has meant and means to humankind Ian Bostridge

The Organization of Things Martin Parker, 2024-11-14 This is a book about knowledge and how it is organized The business school has captured ideas about organization and reduced them to questions of formal structures documented processes logistics and operations This book shows how the concept can be understood more generously by illuminating the fundamental importance of culture to our understanding of organization Using the idea of a cabinet of curiosities the author shows how we can learn a lot about authority from choirs of angels about secrecy from shipping containers or work from art galleries In disorganizing categories forcing unusual conjunctions the work opens itself to organization studies and studies of organizing as well as cultural sociology human geography and social theory Bringing together arguments developed over the last two decades this book brings together and updates work that will provide a unique and valuable reference for students and scholars of management and organization around the world

Made In Egypt Leila Zaki Chakravarti, 2016-07-01 This ground breaking ethnography of an export orientated garment assembly factory in Egypt examines the dynamic relationships between its managers emergent Mubarak bizniz business elites who are caught in an intensely competitive globalized supply chain and the local daily life realities of their young educated and mixed gender labour force Constructions of power and resistance as well as individual aspirations and identities are explored through articulations of class gender and religion in both management discourses and shop floor practices Leila Chakravarti's compelling study also moves beyond the confines of the factory examining the interplay with the wider world around it

Radiophilia Carolyn Birdsall, 2023-08-24 A century ago the emergence of radio along with organized systems of broadcasting sparked a global fascination with the wonder of sound transmission and reception The thrilling experience of tuning in to the live sounds of this new medium prompted strong affective responses in its listeners This book introduces a new concept of radiophilia defined as the attachment to or even a love of radio Treating radiophilia as a dynamic cultural

phenomenon it unpacks the various pleasures associated with radio and its sounds the desire to discover and learn new things via radio and efforts to record re experience and share radio Surveying 100 years of radio from early wireless through to digital audio formats like podcasting the book engages in debates about fandom audience participation listening experience material culture and how media relate to affect and emotions **The Activist Humanist** Caroline

Levine,2023-10-17 An argument that humanists have the tools and the responsibility to mobilize political power to tackle climate change As climate catastrophes intensify why do literary and cultural studies scholars so often remain committed to the separation of aesthetic study from the nitty gritty of political change In this thought provoking book Caroline Levine makes the case for an alternative view arguing that humanists have the tools to mobilize political power and the responsibility to use those tools to avert the worst impacts of global warming Building on the theory developed in her award winning book Forms Levine shows how formalist methods can be used in the fight for climate justice Countering scholars in the environmental humanities who embrace only modest gestures of care and who seem to have moved directly to mourning our inevitable environmental losses Levine argues that large scale practical environmental activism should be integral to humanists work She identifies three major infrastructural forms crucial to sustaining collective life routines pathways and enclosures Crisscrossing between art works and public works from urban transportation to television series and from food security programs to rhyming couplets she considers which forms might support stability and predictability in the face of growing precarity Finally bridging the gap between academic and practical work Levine offers a series of questions and exercises intended to guide readers into political action The Activist Humanist provides an essential handbook for prospective activist scholars Sociology, Work and Organisation Tony Watson,2017-03-27 The seventh edition of Sociology

Work and Organisation is outstandingly effective in explaining how we can use the sociological imagination to understand the nature of institutions of work organisations occupations management and employment and how they are changing in the twenty first century Intellectual and accessible it is unrivalled in the breadth of its coverage and its authoritative overview of both traditional and emergent themes in the sociological study of work and organisation The direction and implications of trends in technological change are fully considered and the book recognises the extent to which these trends are intimately related to changing patterns of inequality in modern societies and to the changing experiences of individuals and families Key features of the text are clear structure key issue guides and summaries with each chapter identification of key concepts throughout the book unrivalled glossary and concept guide rich illustrative snapshots or mini cases throughout the book This text engages with cutting edge debates and makes conceptual innovations without any sacrifice to clarity or accessibility of style It will appeal to a wide audience including undergraduates postgraduates and academics working or studying in the area of work and the organisation of work as well as practitioners working in the area of human resources and management generally **Music and Translation** Lucile Desblache,2019-06-04 This book explores how transformations and translations

shape musical meanings developments and the perception of music across cultures Starting with the concept of music as multimodal text the author understands translation as the process of transferring a text from one language verbal or not into another interlingually intralingually or intersemiotically as well as the products that are derived from this process She situates music and translation within their contemporary global context examining the tensions between local and global cosmopolitan and national and universal and specific settings to arrive at a celebration of the translational power of music and an in depth study of how musical texts are translated This book will be of interest to translation studies scholars who want to broaden their horizons as well as to musicians and music scholars seeking to understand how cultural exchange and dissemination can be driven by translation

Methods for Social Theory Jan Ch. Karlsson, Ann Bergman, 2016-12-15 This book constitutes a practical guide to the important skills of both theorizing and writing in social scientific scholarship focusing on the importance of identifying relations between concepts that are useful for explaining social entities and of producing a text that convincingly advances the theory that has been constructed Taking as its point of departure the distinction between the research process and the reporting process between clarifying one's ideas to oneself and writing to express these ideas clearly to others this volume concentrates on writing when theorizing as a way of thinking emphasizing the series of relations that exist between ontology epistemology and rhetoric upon which successful theoretical writing depends Richly illustrated with practical examples the book is divided into two parts the first of which presents techniques for theorizing based upon visualized and logical connections of ideas concepts and empirical patterns in both free and systematic ways and the second part providing techniques for structuring and presenting arguments in essays papers articles or books As such *Methods for Social Theory* offers a toolbox for the development and presentation of social thought which will prove essential for students and teachers across the social sciences

Songs Of The Factory Pop Music Culture And Resistance Introduction

In the digital age, access to information has become easier than ever before. The ability to download Songs Of The Factory Pop Music Culture And Resistance has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Songs Of The Factory Pop Music Culture And Resistance has opened up a world of possibilities. Downloading Songs Of The Factory Pop Music Culture And Resistance provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Songs Of The Factory Pop Music Culture And Resistance has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Songs Of The Factory Pop Music Culture And Resistance. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Songs Of The Factory Pop Music Culture And Resistance. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Songs Of The Factory Pop Music Culture And Resistance, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Songs Of The Factory Pop Music Culture And Resistance has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a

popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
