Evaluation and Testing in Nursing Education Marilyn H. Oermann, Kathleen B. Gaberson, 1998. The volumes in this popular series provide nurse educators with material to help them plan, conduct, and evaluate their instructional goals and accomplishments. The series addresses a broad spectrum of teaching situations: classroom settings and clinical instruction supervision. At some time or another, all teachers are faced with the need to measure and evaluate learning in a course, workshop, continuing education program, or educational setting. This book is a complete and very practical guide to student evaluation. Readers will learn how to apply the concepts of measurement, evaluation, and testing in nursing education: plan for classroom testing, create and administer tests, and analyze test results and assess clinical competencies.
