

STUDY GUIDE

1.) Completion of Lecture →

- Every lecture must be completed with perfect accuracy, which means that if you have any doubt in a particular lecture (say) then clear that doubt in that lecture only. **Do not proceed** until conceptual doubts are not cleared.
- Stronger are the concepts, more accurately and efficiently you will be able to solve problems and retain them.

2.) Practicing of a Chapter →

- First solve the **in class questions** (do not practice until once a syllabus is not finished), then **module** (not extra edge until once a syllabus is not finished), then **previous year questions** and **BITSAT guide**.
- Practicing should have to be done in three rounds where in **round 1** give **1 minute** for a question, then in **round 2** give **2 minutes** for a question and in **round 3** give **3 minutes** for a question. (Not to be followed for BITSAT guide)
