Sonance Mariner® Outdoor Speakers

The totally-redesigned Sonance Mariner® line of outdoor speakers brings together higher musical performance with more installation options than ever before. Featuring our exclusive new Fastmount® bracket system and a protected access connection terminal system, the eight models in the Mariner series feature tough, paintable sealed polypropylene enclosures and perforated aluminum grilles that enhance their weather resistance.

Features:

Family of 8 different models meets any outdoor entertainment need. New Fastmount® bracket system increases placement options while making installation quicker and easier than ever:

- Fastmount allows all Mariner speakers to pivot a full 180° on the bracket while remaining less than 1" from the mounting surface.
- Click-stops on Fastmount pivots allow precise, repeatable speaker angle positioning.
- Fastmount allows all Mariner speakers to be horizontally mounted across a corner with no additional hardware, and will accommodate 2 1/2" U-bolts (not included) for pole mounting.
- Push-and-lock speaker installation eliminates clumsy threaded knobs; locks are hidden behind grille for added security.
- The included base assembly allows the speaker to pivot in the direction parallel to the bracket.

Protected access connection terminal system increases moisture resistance with grommetted rear wire entry port and protected front wire connector.

Mariner 62SS and Mariner 52SS models reproduce left & right stereo signals from a single speaker.

All models available in both black and white.

All models are compatible with Omnimount® 20.5-series mounting hardware.
