MacGuire,2022-03-25 *The Homecoming Seasons* An Irish

Catholic Returns to a Changing Long Island is a deeply moving memoir of a returning native's re-experience of his childhood community. After many years abroad as a graduate student at Cambridge, a Peace Corps Volunteer in Thailand, and as a country program director of health care and agricultural programs in central Africa, James MacGuire returned to New York and spent most of the 1980s at Time Inc., Macmillan, and the Manhattan Institute. In 1990, he married, and several years later, with a second child on the way, he and his wife decamped from Manhattan for a small enclave called the Isle of Wight in the village of Lawrence on the south shore of Long Island, where MacGuire had grown up. This book tells the story of MacGuire's return to this world, how it had evolved from ancient times, been inhabited by indigenous peoples, colonized by the Dutch and English, and then grew from a sparsely populated agricultural corner of western Long Island to an early summer resort, then an outer and finally an inner suburb of New York City. Jamie MacGuire skillfully weaves memories of his childhood in this almost hidden world with sketches of his family and their friends, before updating his account with a lovingly detailed, diary-like depiction of returning. His parents, friends, now much older, the community more diverse, as he, his wife, and children make new friends as they proceed into this changed world. He captures in cinematic detail the wonder of the wetlands and surrounding natural world, the poignant life, death, and rebirth of community, the joys and sorrows of marriage and parenthood, and the profound exultation of safely shepherding two beloved sons to triumphant adulthood. This is an uplifting literary memoir that will earn and deserve the widest possible audience.

#### **Higher Education Access and Choice for Latino**

**Students** Patricia Perez, Miguel Ceja, 2015-04-10. Now the largest and fastest growing ethnic population in the U.S., Latino students face many challenges and complexities when it comes to college choice and access. This edited volume provides much needed theoretical and empirical data on how the schooling experiences of Latino students shape their educational aspirations and access to higher education. It explores how the individual and collective influence of the home, school, and policy shape the college decision-making process. This unique collection of original scholarly articles offers critical insight on educational pathways that will help families, educators, and policy makers intervene in ways that foster and sustain college access and participation for Latino students. It considers destination preferences and enrollment selections, elementary and secondary school experiences, and intervention programs that shed light on how practitioners can promote participation and retention. This multi-conceptual, multi-methodological volume offers directions for future research, programming, and policy in Latino education.
