Storytelling Organizational Practices David M. Boje, 2014-06-20 Once upon a time the practice of storytelling was about collecting interesting stories about the past and converting them into soundbite pitches Now it is more about foretelling the ways the future is approaching the present prompting a re-storying of the past Storytelling has progressed and is about a diversity of voices not just one teller of one past it is how a group or organization of people negotiates the telling of history and the telling of what future is arriving in the present With the changes in storytelling practices and theory there is a growing need to look at new and different methodologies Within this exciting new book David M Boje develops new ways to ask questions in interviews and make observations of practice that are about storytelling the future This after all is where management practice concentrates its storytelling while much of the theory and method work is all about how the past might recur in the future Storytelling Organizational Practices takes the reader on a journey from looking at narratives of past experience through looking at living stories of emergence in the present to looking at how the future is arriving in ways that prompts a re-storying of the past

O Woman, Great is Your Faith! Douglas Sean O'Donnell, 2021-08-26 The concept of faith holds a central position in New Testament and early Christian thought yet this concept has not received the careful attention it deserves in the Synoptic Gospels The present study offers a comprehensive analysis of faith as a key motif in the Gospel of Matthew where it plays a major role in communicating this Gospel's vision for how readers should respond to the person and message of Jesus The argument propounded is that Matthew's unique narrative portrayal of the Canaanite woman's faith 15:21-28 is used for pedagogical purposes namely that by comparing and contrasting her great faith with those characters expressing no faith and little faith Matthew uses Jesus's quantitative terms

James Baldwin's Later Fiction Lynn O. Scott, 2002-02-28 James Baldwin's Later Fiction examines the decline of Baldwin's reputation after the middle 1960s his tepid reception in mainstream and academic venues and the ways in which critics have often misrepresented and undervalued his work Scott develops readings of *Tell Me How Long the Train's Been Gone* *If Beale Street Could Talk* and *Just Above My Head* that explore the interconnected themes in Baldwin's work the role of the family in sustaining the arts the price of success in American society and the struggle of black artists to change the ways that race sex and masculinity are represented in American culture Scott argues that Baldwin's later writing crosses the cultural divide between the 1950s and 1960s in response to the civil rights and black power movements Baldwin's earlier works his political activism and sexual politics and traditions of African American autobiography and fiction all play prominent roles in Scott's analysis
