Bible Problems Explained James M. Gray,2019-05-14 This book written by a former president of the Moody Bible Institute tackles common questions on the Bible and studies made on the Bible and the Word *Yet Saints Their Watch are Keeping* J. Michael Utzinger,2006 Evangelicals have always worried about how to be the Church in the world They have also struggled to determine with which institutions to attach themselves Examining the idea of the church or ecclesiology within the Northern Protestant establishment in the late nineteenth and early twentieth centuries J Michael Utzinger argues that evangelical ecclesiology was characterized by denominational ambivalence This ambivalence meant that while Northern Protestants valued their denominational affiliations they also had no compunction to work outside of them Trans denominational affiliations a result of this ambivalence often acted as an agent for change that not only disturbed but revitalized their home denominations Evangelicals believed their denominations were worth fighting for even while they

criticized their respective denomination s shortcomings Faced with what they perceived to be the waning of their cultural influence different parties of evangelicals in the late nineteenth worked to change the vision of the church within their home denominations Utzinger examines the theological sources of ecclesiological change doctrine of the Holy Spirit eschatology and methods of cultural engagement that evangelicals promoted and how these influenced later fundamentalism and modernism Further he carefully charts the dynamics of conflict and compromise within the Northern Protestant establishment churches Using the Northern Baptist Convention the Presbyterian Church in the USA and Disciples of Christ as case studies Utzinger shows that despite their infighting evangelicals typically found ways to cooperate with one another in order to preserve their denominational institutions In other words the controversies results were not only contention but compromise And rather than indicating the eclipse of denominationalism fundamentalism and modernism acted to revitalize those institutions and help them persist Publisher

Reaching Beyond Stanley M. Burgess,2009-07-01 Throughout recorded history mankind has attempted to define perfection This always has been a most perplexing task almost as difficult as attaining perfection once the term has been defined One of the most vexing problems facing the perfectionist has been how to elevate themselves above matter especially the body in order to emulate their god model Reaching Beyond Chapters in the History of Perfectionism highlights the concept of perfection in primitive man in both Old and New Testaments and in a variety of perfectionist individuals and movements throughout Christian history including the Montanists the Medieval Apocalypticist Joachim of Fiore the rationalist Thomas Aquinas a leading Eastern Orthodox mystic St Symeon the New Theologian Calvin and his followers early modern Puritans and later primitivists and the Pentecostals who strive for both purity and preparation In short this book is a study of the human perfectionist impulse and its motivations In certain cases perfectionism is a reaction against limitation inadequacy incompleteness and evil a rejection of comfortable popular religion In other instances

perfectionism is a more positive effort a striving after holiness or knowledge a preparation for the parousia or a quest for a return to primitive religious roots **Plain Papers on Subjects of Present Necessity and Eternal Importance** ,1868
