

## *Plant Diversity Study Guide*

Know the 4 divisions of plants and know their differences (i.e. review phylogenetic tree constructed in lab)

- Vascular Tissue (y/n), Dominant generation, how sperm move, seeds (y/n), name of gamete containing structures, fruits (y/n), heterosporous (y/n)

Which structures that we viewed in lab are the gametophyte/sporophyte generation and their respective ploidy levels

Generic Alternation of generations and respective ploidy levels

Name the 10 plant phyla and be able to give an example (common name) of plants included in the respective phyla

Differentiate between monocots and (eu)dicots in reference to # of cotyledons, leaves, flower petal numbers, vascular bundles arrangements in stems

Pollen grain structure and function- who makes?

Antheridia vs archegonia

Female vs male cones structure and function

Heterosporous – who is and what does it mean? (microspore vs megaspore)

Parts of a flower- male and female and components of each

Biennial Southern Silvicultural Research Conference ,2006 ENC Focus ,2000 Mathematics & Science in the Real World ,2000 **Teacher Education and Teacher Professional Development in the COVID-19 Turn** Nur Arifah

Drajati, Kristian Adi Putra, 2022-11-29 These proceedings present a selection of papers from the ICTTE 2021 conference. While face-to-face classroom instruction is brought back, there are a lot of lessons learned from the COVID-19 pandemic that schools, teacher training, and education institutions and government have to take into account. There is a need to reconsider what additional knowledge and skills pre-service teachers and in-service teachers need to be prepared for to anticipate such a similar unexpected situation in the future. Additionally, there is also a need to listen to in-service teacher experiences during the emergency remote teaching and integrate the positive lessons that they have gained, such as the use of technology into the current post-pandemic face-to-face classroom instruction. This proceeding is designed for teacher educators, researchers, in-service teachers, and pre-service teachers in the field of language education, math, and science education, and social science education who are interested in these topics.
