Economic Ideas for a Sustainable Future Bhabani Shankar Nayak,Samuel O. Idowu,Amr Khafagy,2025-06-24 This volume examines the concept of economic sustainability through the everyday practices of education production distribution consumption economic development and public policy It explores the economic systems and processes shaped by capitalism and how commodification has led to uneven and unsustainable development Particular attention is given to how ideas of sustainability are constructed through education and how without a critique of capitalism these discussions often overlook the exploitation and commodification of both nature and human beings This book advocates for a new paradigm based on socio ecological transition that places sustainability and equity at the core of economic development and the political economy It will be valuable to students and researchers interested in public policy sustainable development and the political economy

Genealogy, Psychology and Identity Paula Nicolson,2016-12-01 The popularity of amateur genealogy and family history has soared in recent times Genealogy Psychology and Identity explores this popular international pastime and offers reasons why it informs our sense of who we are and our place in both contemporary culture

and historical context We will never know any of the people we discover from our histories in person but for several reasons we recognize that their lives shaped ours Paula Nicolson draws on her experiences tracing her own family history to show how people can connect with archival material using documents and texts to expand their knowledge and understanding of the psychosocial experiences of their ancestors Key approaches to identity and relationships lend clues to our own lives but also to what psychosocial factors run across generations Attachment and abandonment trusting being let down becoming independent migration health and money all resonate with the psychological experiences that define the outlooks personalities and the ways that those who came before us related to others Nicolson highlights the importance of genealogy in the development of identity and the therapeutic potential of family history in cultivating well being that will be of interest to those researching their own family tree genealogists and counsellors as well as students and researchers in social psychology and social history Platters Theory N2 SB ,2017

new orleans cemeteries interesting thing of the day itotd - Jul 11 2022

web jan 11 2019 the cemeteries of new orleans are often called cities of the dead not only do the tombs look like buildings
but the cemeteries are organized with streets and street signs much like the cities of the living and it seems somehow
appropriate that in new orleans the decay of death faintly mirrors the decadence of life
